## Schools opening

"School's open, drive carefully." It is more than just a slogan. Nearly every year as school opens, the Press-Record carries the tragic news of young children painfully injured or killed when they are struck by vehicles.

The American Automobile Club is joining with the schools and area police departments in urging motorists to use extreme caution in watching for pedestrians, especially before and after school hours.

Students in the Madison public schools became the first to return to classes Friday for a half-day and today is their first full day of school.

The opening was made possible when

a last-minute working agreement between the board of education and the teachers was reached Wednesday and the teachers reported to institute day, on schedule, Thursday.

The Madison Board of Education unanimously ratified the new agreement. This day night. Board Members Don Garrett and Paul Bargiel were absent from that meeting, but the remaining five members voted in favor of the new agreement.

It calls for teacher salaries to increase from "16 percent to 19 percent, plus, including increment increases," according to Superintendent of Schools John P. Lohr.

Granite City and Venice students attending public schools will begin with a half-day of classes Tuesday and full-day sessions starting Wednesday. Workshops for the teachers in those districts are being held today.

Parochial schools have varied opening schedules which are available by calling the schools, but all will begin classes this week.

With all of the working agreements for teachers settled, few problems in starting the school year are expected at any of the public schools here.

Failure to have a state-approved

## Madison schools post \$5.7 million tentative budgets

By GARY SCHNEIDER  
of the Press-Record

The Madison School District 12 has posted tentative budgets for the 1980-81 fiscal year totaling \$5,765,145, up four percent from the previous fiscal year budgets of \$5,523,900.

The new budgets show increases in the educational, school lunch, transportation, fire and safety, and bond and interest funds, but decreases in the building fund and special education facilities fund.

There will be a public hearing on the budgets at 7:30 p.m. Thursday, Sept. 25, in the school board office at 1707 Fourth St., Madison, where the budgets will be on display for the next 30 days. Following the public hearing, the board will meet to consider adopting the budgets.

The proposed educational fund budget is up 7.6 percent, from \$4,031,550 last fiscal year to \$4,338,300 in the 1980-81 fiscal year, which began July 1. The building fund, however, shows a 13.3 percent drop, from \$582,750 last year to \$514,750 in the tentative budget.

A 20.5 percent rise in the school lunch budget will be partially offset by a 10-cent rise in the cost of each plate lunch for students and a 15-cent increase in the lunch cost for adults. Last year, the

board budgeted \$292,500 for the school lunch program, while a total of \$322,500 is budgeted in the tentative appropriation ordinance for this year.

Although gasoline prices are increasing rapidly, the district estimates that it can survive with only a 6.9 percent increase in the transportation fund. A total of \$176,000 is included in the proposed budget, compared to \$164,400 for transportation in the 1979-80 fiscal year.

For fire and safety purposes, the appropriation rose 25 percent, from \$22,000 last year to \$27,500 in the tentative budget for this fiscal year.

Also showing an increase is the bonds and interest fund, which is up three percent from \$168,500 last year to a proposed \$171,500 in the 1980-81 fiscal year.

One saving grace keeping the overall budget package from showing a large increase is a 52 percent decrease in the fund for special education facilities, which is dropping from \$150,000 to \$72,000 in the new tentative budgets.

Voting in favor of the tentative budget package Thursday night were Board President Sam Dymas, Secretary Billie Bosworth, Edward Newsome, Richard Zeisel and Frank Eaves. Absent were Don Garrett and Paul Bargiel.

**DEMOLITION AT MEDICAL CENTER.** A headache ball is used to demolish the 30-year-old boiler building no longer in use at St. Elizabeth Medical Center. At right is the 1958 addition to the medical complex, the Binney Wing, and at left background is the Doctors Wing.

added in 1968. At left foreground is the new ancillary building now under construction. A new heating and cooling plant has been built in the 2100 block of Washington Avenue and is presently in use.

## Selling 1st house 'built by neighbors'

By VALERIE EVENEDEN  
of the Press-Record

Construction has been completed of the first house in a proposed series of new homes in Eagle Park Acres, an unincorporated community south of Madison, and the dwelling is being offered for sale, starting today.

The three-bedroom frame, located on a 100 by 175-foot lot at 206 Terry St., features a full basement, a mudroom, a kitchen, a dining room and a living room.

The fully air conditioned dwelling was built by the Eagle Park Action Committee, with funds made available through the Madison County Community Development Office.

A price of \$43,000 has been set for the house, which covers the cost of land, purchase, materials and labor, according to Eddie Salmond, Action Committee president.

First priority to purchase the house will go to current residents of Eagle Park, he stressed.

Should several residents be interested in buying the dwelling, Salmond explained that a drawing will be held at 10 a.m. Tuesday, Sept. 16, at the Venice Township Office among applicants whose loan application or financial standing has been authenticated in advance.

Second priority for purchase will be from former Eagle Park residents who had to move out because they could not find adequate housing.

The third category of purchasers may come from those wanting to move into the neighborhood, Salmond reported.

Prospective buyers must obtain their own financing, but the Action Committee will assist the purchaser and lending institution as much as possible, the committee president related.

"It is important that anyone interested in buying the house start securing a loan as quickly as possible," he stressed.

The initial step toward securing the

house may be taken today by obtaining a letter of intent to purchase from the Venice Township Office, 1502 Fifth St., Madison.

According to Woody Hych of the Community Development Office, 130 Hillsboro Ave., Edwardsville, the letter of intent must be completed and then filed at his office.

The Community Development staff will notify the prospective buyer when he or she is required to submit a letter showing a loan has been approved from a bank, savings and loan association, credit union or other lending institution, Hych said.

At that point, the priorities for purchase will come into effect, with present residents of Eagle Park given the first opportunity to buy.

The house is well constructed and sits 80 feet from the front of the 175-foot deep tract, Salmond said.

Its overall dimensions are 26 by 48 feet.

The construction program aided

some unemployed residents of Eagle Park, but the Action Committee itself, a not-for-profit organization, did not benefit in any way, he explained.

Salmond expressed the hope that additional homes may be built in the unincorporated community through similar self-help neighborhood programs.

## 17-year-old dies in crash

Daniel G. Kelley, 17, of Ponton Beach, suffered fatal injuries at 10:50 p.m. Friday, Aug. 22, 1980, when the auto he was driving struck a tree.

A passenger, Timothy W. Free, 17, of 51 Iris Court, Ponton Beach, was taken by ambulance for treatment of a leg fracture after he and the driver were extricated from the wreckage of the auto by the Mitchell fire department's rescue squad.

Mr. Kelley, who resided at 9 Lily Court, was pronounced dead at the scene at 11:50 p.m. Friday. He suffered head and chest injuries.

The car had been traveling along Chouteau Slough Road about one and a half miles north of West Ponton Road. In the vicinity of large holes in the surface of the road, the auto ran off the roadway and toward a wooded area. The crash with the tree followed.

A senior student at Granite City High School North, Mr. Kelley was employed

DANIEL KELLEY

at Townsend Television.

The funeral is planned for tomorrow. Other information is given in the obituary column of today's issue.

## Seek changes in zoning proposal

The proposed new city zoning ordinance needs "a little more work," members of the Granite City Plan Commission decided during a two-hour meeting in the city council chambers Thursday afternoon.

Commission members were disappointed that changes they recommended in the document July 10 had not been made by the Southwestern Illinois Metropolitan and Regional Planning Commission (SIMARPC), including the dividing of the proposed two business categories into eight or nine categories.

Tom Wobbe, senior planner with SIMARPC who prepared the first draft zoning ordinance for the commission to consider, was unable to attend the meeting and sent Paul McNamara to represent him.

About 20 persons were in the audience for the meeting, representing businessmen, realtors, residents and city officials.

Both Leo Konzen, an attorney, and Robert Barton, representing realtors,

requested that copies of the ordinance be made available to businessmen and attorneys for study and comment, before it is adopted.

Plan Commission Chairman David Morgan assured them that copies would be available and that there will be public hearings on the ordinance before a recommendation is made to the Granite City Council whether to approve or reject the document.

McNamara was requested to make several changes in the tentative ordinance and attempt to bring the modified document back to the Plan Commission by its next meeting Sept. 18.

Members agreed that they do not feel two business categories would adequately separate businesses which may operate near residential areas and businesses which should be separated from homes, because of traffic congestion, parking problems, noise, pollution and other factors.

Morgan gave McNamara a suggested

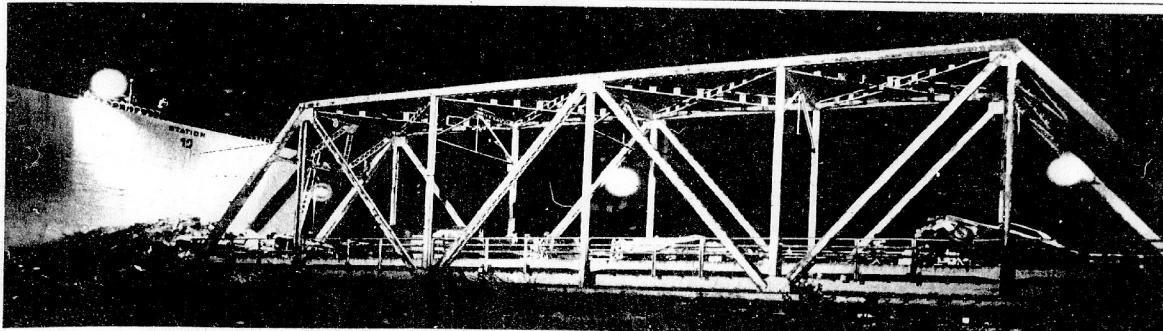

commercial breakdown, prepared by Morgan and some other commission members, to be used in modifying the document.

The major concern, Morgan said, is to keep complementary businesses together, and to separate those which would not. For instance, if zoning is given for a confectionery, many neighbors who want the confectionery may object if a service station later would be constructed at the same site.

The commission members indicated that they accept the residential classifications in the proposed ordinance, but with one change. It was recommended that lodging houses and boarding homes should be moved from R-5 residential zoning to a commercial class, since hotels and motels already are in a commercial classification and all of them are in the business of housing persons for financial gain.

Jack Hood, an insurance agent whose business is at 2809 Madison Ave., a block

## Zoning cleared for new Eagle Park fire station

Another hurdle toward establishment of a fire department in the Eagle Park Acres portion of Venice Township has been cleared as the Madison County Board has approved a special use permit for construction of a fire station.

The Madison County Zoning Board of Appeals endorsed the proposal following a public hearing last month and the county board approved it last week.

The action grants a special use permit for construction of a fire station in an R-4 single-family residential district of Venice Township, at the corner of Harrison Street and Roosevelt Drive. It also grants a variance in the front yard and rear yard set-back requirements for construction of the building. The request for the permit and the variance were made

by Eddie Lee Salmond, owner of the property.

Another Eagle Park Acres project approved by the county board was a variance to construct an addition to the existing Canaan Galilee Missionary Baptist Church at 307 Allen St. The addition is to come within six feet of the front property line, instead of the required 25 feet. The property is in Venice Township and is zoned R-4. A request by Frank and Ed Pelikan for rezoning at Rural Route Two, Box 908, East Chain of Rocks Road, for rezoning from R-3 single-family residential to B-4 wholesale business zoning to continue keeping automobiles on the premises was denied, as was a request for a special use permit to continue the use of the single-family residence on the site. The property is located across from Fun 'N' Shout Beach Resort in Chouteau Township.

Also denied was a request by Fae Inman and Frank Vilmar for a special use permit to commercially raise pigeons at 2112 Collinsville Ave., Cloverleaf Addition of Nameoki Township.

Two requests for special use permits for the placements of mobile homes were approved, with the stipulation that the permits are valid for up to five years and for the sole occupancy of the petitioners.

Gary and Lavern Rapp were granted permission to place a mobile home at 3720 Cargill Road, in Nameoki Township, and Betty Gibson was allowed to place a mobile home at 201 Booker St. in the Nameoki Township portion of Eagle Park Acres. It was announced that a request by SCA Services to remove soil from the farm of

Herbert Mueller and the late Florence Mueller in Nameoki Township has been withdrawn. A public hearing on the request was held June 20, but the matter was held in abeyance by the county board at its July meeting. The property was along both sides of Layton Road, north of the SCA landfill.

Another request which has not been acted upon was a petition by Vernon Stearns for a special use permit to serve liquor in the existing Ho-Hum Cafe, 9201 Collinsville Road, Nameoki Township, which is zoned B-4 for wholesale business uses. The scheduled public hearing on the request was cancelled at Stearns' request, the zoning board reported.

## TRAINING SCHOOL FOR HOMEMAKING

Carol Baumann, Highland, president of the Homemakers Extension Association, will preside at the organization's officer training school Wednesday at 9:30 a.m. in Edwardsville. Those who will assist in instructing 100 HEA unit officers include Shirley Stahlhut and Norma Meyer, Edwardsville; Lucille Sackett and Helen Miller, Granite City; Jean Wehling, Alton; Frankie Griggs, Madison; and Flo Read, Bethalto.

The association is a countywide organization of 31 community units or clubs with a membership of 1,060. The purpose of HEA is to assist the University of Illinois Cooperative Extension Service in sponsoring an educational program in home economics for county residents.

## Metropolitan Opera '80 auditions

Twelfth annual district auditions of the Metropolitan Opera National Council's auditions program are scheduled in October at Southern Illinois University at Edwardsville, according to William Tarwater, chairman of the SIUE department of music.

Deadline for applications is Sept. 19. Auditions for qualified candidates from Southern Illinois will be held in the Communications Building theater, beginning at 1 p.m. Oct. 10. The most promising contestants will be selected to compete against other district audition winners from the central region.

Regional semifinals and finals will be held at Orchestra Hall, Chicago, Oct. 20-21.

The winner in the region will be sent to New York at the council's expense to compete in national semifinals, March 28, 1981. Regional semifinals and finals will be held at the Metropolitan Opera House. Co-sponsoring the district auditions are the SIUE Friends of Music, with Mrs. Maurice Bailey and Mrs. Gene Sternberg as co-chairmen.

Applicants must have been a resident or studied in the Southern Illinois district for the past 12 months and be within the following age limits throughout the period from Oct. 1, 1969 to April 15, 1981: sopranos, 20-30 years of age; mezzos and contraltos, 20-30; tenors, 20-32; baritone, 20-32; and basses, 20-33 years of age. No age waivers will be granted. Tarwater (692-3900) said.

Contestants must have a voice, with operatic possibilities, some voice training, musical background and artistic aptitude. They must be prepared to sing a minimum of five arias, in more than one language and of contrasting styles.

Contestants pay a \$10 entry fee, and must be sponsored by a school, church, music club or voice teacher. District awards consist of three cash prizes of \$75 each.

## Farmland tax relief is seen as temporary

The total assessment level of farmland in each Illinois county, except for Cook, may increase no more than eight percent in the 1980 assessment year over the 1979 year under a bill signed last week by Governor James R. Thompson.

"I fully recognize that the plight of the farmer in today's economic situation is not good. This legislation is temporary and is designed to reduce confusion and uncertainty in the state's farm community which continues as a result of the 1977 farmland assessment law," Thompson said.

"Limiting assessments is not a desirable way to achieve property tax limits on a long-range basis. There is only one way to limit taxes and that is to limit property tax extensions."

"It is clear that the farmland assessment situation in Illinois needs review by the General Assembly in its 1981 session. I urge the Joint House-Senate Committee formed under Senate Joint Resolution 118 to make its recommendations as soon as possible, including a long-range plan."

"The assessment limit will provide only minimal relief, because home rule governments—and taxing districts with their taxes at below maximum rates—can simply raise the rates to produce revenues lost from assessment limits," the governor said.

## Official opening for First Bank lobby; drive lanes open Sept. 2

Melvin C. Wilmsmeyer, president of First Granite City National Bank, has announced the opening of a limited service drive deposit banking facility located in the Bellemore Village Shopping Center.

The facility comprises a walk-in lobby area and a six-lane, drive-thru auto bank. The lobby opened July 21 and the complete facility, including the auto bank, will be open for business at 9 a.m. Tuesday, Sept. 2.

In making the announcement, Wilmsmeyer called attention to present laws and regulations which prohibit branch banking in the State of Illinois, one which permit certain limited banking services to be conducted within specified distances from a parent bank.

He pointed out that a remote banking facility designed to serve both pedestrian and drive-in vehicle traffic, such as the Bellemore facility, may be located up to 3,500 yards from the parent bank. "Routine banking transactions may be conducted at our Bellemore facility, such as receiving deposits, cashing and issuing checks, drafts and money orders, changing money and receiving loan payments," Wilmsmeyer said. "Due to present restrictions, the taking of loan applications and the processing of loans may be conducted only at our main bank facility located in downtown Granite City," he added.

"I want to emphasize that all First Bank customers may now transact their business at either the Bellemore facility or the main bank downtown, whichever is most convenient for them," Wilmsmeyer said, adding, "There is no need for bank customers to transfer their accounts to take advantage of the convenience of the new Bellemore facility. Deposits made at the facility will be credited to customers' accounts just as quickly as if they were deposited downtown at the main bank."

Wilmsmeyer explained that the Bellemore Village location was selected as being most convenient to the greatest number of bank customers within the 3,500 yard limitation. He noted that the same restriction does not apply to unmanned automatic teller machine locations. "Bank management recommended, and our board of directors approved, the much greater investment in providing a manned facility in keeping with our long-standing tradition and preference for providing personalized bank services wherever possible," Wilmsmeyer said.

The staffing of the Bellemore facility comprises 15 persons—4 auto bank tellers, five lobby tellers, three new accounts clerks, a facility manager and two operational personnel. Physically, the facility functions in two separate buildings which are connected by an underground pneumatic tube carrier system.

The lobby and operational area is located within an existing shopping center building and is positioned between the Singer Sewing Machine Company and the Scotchwash Laundromat. The lobby faces Nameoki Road and entry is from the front parking area of the shopping center.

**NOW OPEN.** First Granite City National Bank, Bellemore facility lobby, has opened. The total banking facility, including a six lane drive-thru auto bank, will open for public service Tuesday, Sept. 2. The lobby is positioned between the Singer Sewing Machine Company at left, and the Scotchwash Laundromat on the right, as viewed from the Bellemore Village front parking lot. The facility auto bank will be located directly behind the building housing the lobby.

For Flood Insurance  
Call LUEDELS AGENCY  
877-0388

The auto bank is a newly constructed building located at the rear of the existing building. It can service six vehicles simultaneously and includes a commercial lane as well as a special lane with an elevated service module for trucks, vans and campers. Entry to the auto bank is from Jill Avenue.

Traffic exiting the auto bank will have the option of returning to Jill Avenue and Nameoki Road, proceeding straight ahead to Johnson Road, or turning between the buildings for shopping center parking.

A traffic signal is to be erected at Jill Avenue and Nameoki Road to facilitate north and southbound traffic entering Nameoki Road from Jill Avenue.

The hours of operation for the facility lobby, Monday through Friday, will be the same as the lobby hours of the downtown parent bank. On Saturday, the facility lobby will be open for business from 9 a.m. until noon.

The Bellemore auto bank will observe extended operating hours—9 a.m. to 6 p.m. Mondays through Wednesdays, 8 a.m. to 6 p.m. Thursdays, 9 a.m. to 7 p.m. Fridays, and 9 a.m. to noon on Saturdays.

### Hart freshman at Monmouth College

Stephen G. Hart of Granite City will enroll at Monmouth (Ill.) College next month as a member of the 128th entering class of the liberal arts institution. The son of Mr. and Mrs. Kenneth Hart, 8 Iris Ave., he graduated in June from Granite City High School North.

At Monmouth he plans to major in psychology. A member of the National Honor Society, Hart received the John Philip Sousa Award in music and the High School Writers Prize.

He was active in band and was selected to play first chair in the All-City Festival Band. He was a member of Modern Music Masters, the German Club and the Science Club.

An orientation period for all new students will begin Sept. 5, and fall term classes will start Sept. 8.

Monmouth is an independent liberal arts college affiliated with the United Presbyterian Church. Founded in 1853, it awards the bachelor of arts degree in 22 disciplines within the fields of language and communications, natural sciences and mathematics, social sciences and history, and humanities and fine arts.

### Confer on watercraft

Representatives from the Army's "navy" from around the world will gather here to attend a three-day watercraft symposium beginning Sept. 16 to exchange ideas and discuss mutual problems.

Hosting the first Army watercraft event of its kind is Maj. Gen. Emil L. Konopnicki, commander of the Army Troop Support and Aviation Material Readiness Command (TSARCOM), located at the Federal Center, 4300 Goodfellow Blvd.

The action officer for the symposium is Maj. William J. Morrow Jr. He is assigned to the Project Office, Amphibians and Watercraft.

Purpose of the conference is to acquaint the nearly 50 expected to attend with the scope of TSARCOM's watercraft activity, significant problems, recommended improvements and requirements.

The symposium participants will present a series of papers on such topics as: product improvement programs, future development and military adaptation of commercially produced items, repair parts, support, cyclic docking, cannibalization,

storage activities, and navigation compasses. Other highlights will include a LACV-30 orientation. The first production models of this air cushion vehicle are currently being manufactured. In addition, there will be an explanation of the latest state of the art of underwater hull painting.

GOONK'S  
DRIVE-IN LIQUOR  
IT'S QUICKER!

The Boots and Slippers Square Dance Club will sponsor its 15th annual free square dance Sunday, Aug. 31, at the Millstadt Homecoming.

The dance will be from 2:30 to 5:30 p.m. with Bob Vinyard of St. Ann, Mo., calling.

All square dancers are welcome, and are requested to wear square dance attire. Round dancers may bring their favorite records to be played between square dance tips.

## Car hits girl, 5

Samantha Cluts, five and a half years old, 2605 Kirkpatrick Homes, struck by an auto, was admitted to St. Elizabeth Medical Center at 6:30 p.m. Sunday.  
The child suffered a head injury and a fracture of the right leg.  
Authorities were told that she ran south across Riverside Avenue, near Nameoki Road, striking the right front side of the westbound auto of James M. Simpson, 26, of Granite City Postal Box 156.

## Granite City Press-Record

# Obituaries

### John Wesley Barks

John Wesley Barks, 75, of 3016 Buxton Ave., who retired as a carpenter ten years ago, died at 10:40 p.m. Saturday, Aug. 23, 1980, at Oliver Anderson Hospital, Maryville. Hospitalized two weeks, he had been ill for one month.  
Born in Greenville, Mo., he resided in Granite City for 55 years. He was active in St. Peter's United Church of Christ and the church brotherhood, Ainaid She Temple and Masonic Triple Lodge 835, having served as master of the lodge in 1941.  
Mr. Barks was a member of the Scottish Rite, York Rite, Eastern Star New Hope chapter 432, Low Twelve Club, Grand Lodge Masonic and Madison County Firemen's Association.  
A certified grand lecturer and 50-year DeMolay member, he was an assistant grand tyler and grand pursuivant. He held honorary membership in several Masonic lodges in this region.  
His wife, Udoora, preceded him in death in 1972.  
He is survived by a daughter, Mrs. Howard (Betty) Klaus, Edwardsville, and grandsons, Gregory and Brian, of Edwardsville.  
He is at the Davis Funeral Home, 21st Street and Cleveland Blvd., Granite City, where visitation will begin at 4 p.m. Tuesday. Masonic services are set for 8 p.m. Tuesday. Funeral services will be held at 11 a.m. Wednesday, Aug. 27, at the Davis Chapel, with burial following at Sunset Hill Cemetery.  
Memorials may be given to the Triple Lodge 835 Endowment Fund.

Born in Granite City, he was a lifelong local resident. He was a member of St. John's United Church of Christ.  
His parents are Mr. and Mrs. Jerry (Linda) Miles of Granite City and Gale Kelley of Cleveland, Ohio.

Also surviving are two sisters, Mary Beth and Jeri Lynn Miles, both of Granite City; two brothers, Tommy and Kenny Miles, both of Granite City; maternal grandparents, Mr. and Mrs. Bud (Dorothy) Hochuli of Granite City; and the paternal grandmother, Mrs. Rufus (Maxine) Schroff of Auxville, Mo.

Davis Funeral Home, 21st Street and Cleveland Blvd., Granite City, has charge of the arrangements. Visitation will take place after 4 p.m. today, Aug. 25, and funeral services are set for 11 a.m. Tuesday, Aug. 26, at the Davis Chapel.

### Evaline Kulenkamp

Mrs. Evaline N. Kulenkamp, 77, of 2215 Delmar Ave., a retired Granite City school teacher, died at 9:35 p.m. Saturday, Aug. 23, 1980, while in the emergency room at St. Elizabeth Medical Center.  
She had been ill one week and died shortly after she was taken to the medical center.  
Mrs. Kulenkamp was born in Carlinville, Ill. She had resided here since 1939.  
Prior to retiring in 1964, she was employed 22 years in the Granite City School District, the last 16 years as a third grade teacher at Mitchell School.  
Mrs. Kulenkamp was a member of Niedringhaus United Methodist Church, Granite Chapter 659, Order of Eastern Star, and the Royal Neighbors of Carlinville.  
Surviving are her husband, Gilbert Kulenkamp; one son, Jack Kulenkamp of Peoria; a daughter, Mrs. William (Maud) Stethem of High Ridge, Mo.; a sister, Mrs. Earl (Clara) Harold of Brighton, Ill.; and six grandchildren.  
She was preceded in death by two brothers, Clarence Denby in 1945 and Frank Denby in 1963.  
Funeral services will be held at 1 p.m. Tuesday, Aug. 26, at Bob Thomas Memorial Mortuary, 2205 Pontoon Road. Burial will be in Sunset Hill Cemetery, Edwardsville Township.  
Friends may call after 3 p.m. today, Aug. 25, with Eastern Star services at 8 p.m. today.

### Dortha McCallister

Mrs. Dortha L. (Taylor) McCallister, 51, of 2204 State St., was pronounced dead at her home at 7:45 a.m. today, Aug. 25, 1980, by Madison County Deputy Coroner Dick Mizell.  
She had not been in ill health. An inquest is pending.  
Mrs. McCallister was employed the last five years in the housekeeping department at St. Elizabeth Medical Center.  
She was born in Senath, Mo., and had resided in Granite City for 22 years.  
Mrs. McCallister was of the Baptist faith.

Among the survivors are her husband, Arthur McCallister; one daughter, Mrs. Jack (Deborah) Baker of Troy, Ill.; two sons, Richard McCallister of Granite City and James McCallister of Aurora, Ill.; her mother, Mrs. Davis Taylor of Senath, Mo.; a brother, Harold Taylor of Granite City; one sister, Mrs. Laverne Culp of Washington Park, Ill.; and eight grandchildren.

Funeral arrangements are pending at Mercer Mortuary, 1416 Niedringhaus Ave. Friends may call 876-4321 for details.

Warren, in the 3660 block of Nameoki Road.

James Spangler, 512 Third St., Venice, said the right front of his auto swerved against the left front of the Downs vehicle when an auto in front of Spangler stopped suddenly to turn left onto Garfield Avenue.

Nick Downs, two years old, 2816 Warren Ave., sustained minor injuries at 5:20 p.m. Friday in a collision of two southbound cars while he was a passenger in the auto of David Downs, 2816

### Arthur W. Smith

Arthur W. Smith, 66, of 2030 Sken St., Madison, a retired employee of Granite City Steel, died at 3:10 a.m. Friday, Aug. 22, 1980, at St. Elizabeth Medical Center.

He had been ill five days and was hospitalized the same length of time. Mr. Smith had resided about 30 years in the Quad-City area. He was born in Olmstead, Ill., and previously had lived in the southern part of the state.

He retired last year from Granite City Steel, where he was employed 30 years as a press operator.

He was of the Catholic faith. Among the survivors are his widow, Mrs. Edna (Mize) Smith; two daughters, Mrs. Ronald (Joyce) Muller of Granite City and Mrs. Frank (Jeanette) Sellers of Madison; two sons, Robert W. Smith of Madison and Billy J. Smith of Granite City; one sister, Mrs. Mae Burd of Madison; two brothers, Charles Smith of Karnak, Ill., and Johnny Smith of Detroit, Mich.; and nine grandchildren.

Funeral services were held at 10 a.m. today, Aug. 25, at Bob Thomas Memorial Mortuary, 2205 Pontoon Road, where a wake service was held at 7 p.m. Sunday.

## Seeks world record

Jan Gilcho of Granite City was attempting to earn his way into the Guinness Book of World Records today by having the world's largest stack of one beer brand displayed in front of his Corral Liquors store in Fairview Heights.  
The stacking of 4,000 twelve-packs of Hamm's beer

began in front of the store at 5 p.m. yesterday and Gilcho expected to complete the task about 3 p.m. today. Forklifts and about 10 workmen will be involved in the effort.

Hamm's also has sent its gigantic statue of the bear, which has made famous and the bear will appear with the record-making stack, Gilcho said.

Gilcho contends he is almost sure to set the record, since no record exists for the largest stack of one brand of beer.

## Campus crash kills two and injures three

Stanley W. Ayer, 22, St. Charles, Mo., the driver, and Richard E. Douglas, 18, St. Charles, a passenger, were killed at 10:55 p.m. Saturday on University Drive a mile north of Interstate 270 on the SIUE campus.

Ayer was driving a pickup truck south when it went out of control, struck the median area and overturned several times.

Three had been riding in the truck cab and two on the bed of the truck. All five were thrown out in the crash.

Taken to Oliver Anderson Hospital, Maryville, with serious injuries were Mark W. Lynch, 18, Matthew G. Honerkamp, 18, and Edward A. Liscombe, 19, all of St. Charles, Mo.

## Burglary brings jail, probation

Two-year probation, with the first 90 days to be served in the Madison County Jail, has been ordered by Associate Judge John W. Day for Michael J. Schaik, 18, of 2233 Dewey Ave., on a charge of burglary at D & J Mobil, 2011 Street and Madison Avenue.

A theft charge was dismissed. Police alleged that he broke a garage window to gain entry to the service station and pilfered the front of a cigarette machine. He was apprehended during the early morning hours in a trash bin behind the 1900 block of State Street along with four cartons of cigarettes.

Coins had been taken from the cigarette machine and a cash register, and he allegedly was found with \$14 in quarters and \$3 in dimes.

## ARRESTED TWICE

Steven W. Reed, 22, of 2115 Benton St., was arrested twice Friday, at 2 p.m. on a city charge of assault, and at 10:40 p.m. at 15th Street and Madison Avenue on a disorderly conduct charge.

### Leo Doeblin

Leo "The Barber" Doeblin, 80, of 4799 Bayshore Terrace, Port Salerno, Fla., a former long-time resident of Granite City, died at 8:20 a.m. Friday, Aug. 22, 1980, at Martin Memorial Hospital in St. Petersburg, Fla.  
He was a hospital patient for two months, following a short illness.  
Mr. Doeblin had resided in Granite City for 57 years before moving to Florida two years ago. He was a native of Birmingham, Ill.  
He was the owner of Mississippi Valley Manufacturing Co., St. Louis, from which he retired in 1965.  
In earlier years, Mr. Doeblin was a barber in Granite City.  
He was a U.S. Army veteran of World War I and a member of Sunset Hills Country Club and Granite City Elks Lodge 1063.

Surviving are his wife, Mrs. Christine (Riggins) Doeblin; two brothers, Kenneth Doeblin of Lantana, Fla., and Wilber Doeblin of Sun City, Fla.; a sister, Mrs. Lucille Laddum of North Hollywood, Calif.; and an aunt, Mrs. Doris Staleker of Granite City.

Funeral services will be held at 1 p.m. Tuesday, Aug. 26, at Mercer Mortuary, 1416 Niedringhaus Ave., where friends may call after 1 p.m. today, Aug. 25.

### Daniel Kelley

Daniel K. Kelley, 17, of 9 Lily Court, Pontoon Beach, was killed in an auto accident occurring at 10:50 p.m. Friday, Aug. 22, 1980, on Chouteau Slough Road one and a half miles north of West Pontoon Road.

An article on the collision appears on the front page of this issue.

A senior student at Granite City High School North, the accident victim was active in the band and on the track and cross-country teams at North.

He worked part-time at Townsend Television in Granite City.

BOY, 2 YEARS OLD, INJURED IN CRASH

Nick Downs, two years old, 2816 Warren Ave., sustained minor injuries at 5:20 p.m. Friday in a collision of two southbound cars while he was a passenger in the auto of David Downs, 2816

Warren, in the 3660 block of Nameoki Road.

James Spangler, 512 Third St., Venice, said the right front of his auto swerved against the left front of the Downs vehicle when an auto in front of Spangler stopped suddenly to turn left onto Garfield Avenue.

## Students need tickets on Bi-State buses

The Bi-State Development Agency is reminding parents of Illinois school children, ages 13-19, of the new procedure this year through which students may ride Bi-State buses for half price.

Effective July 1, 1980, a standardized procedure went into effect for both Missouri and Illinois students. All students will not use a student ticket.

Previously, Illinois students paid 20 cents when boarding a bus, by showing a student identification card obtained from schools. This will no longer be the case. A student 19 years of age or younger and enrolled in school may purchase a 10-ride student ticket for 2.50. The ticket is valid for 10 local rides during the date on the ticket.

It can only be purchased from the school in which the student is enrolled. A student may use the ticket on express or rapid lines with the payment of an additional 25 cents, when boarding the bus. Transfers cost 10 cents.

Regular bus fare for a child ages 5-12 is 25 cents. For ages 13 and above, adult fare of 50 cents on local lines and 75 cents on express, rapid, shopper and park-ride is charged. Children under age five ride free.

By using the student ticket, parents can save \$2.50 in a normal week for one child going to and from school on a Bi-State bus.

For more information, Quad-Cityans may call toll free 875-4144 or write the Bi-State Development Agency, Transit Information Division, 3869 Park Ave., St. Louis, Mo. 63110.

**KESSLER ASSIGNMENT**  
Airman Donald L. Rainey, son of Mr. and Mrs. Willard D. Rainey of 705 N. 29th St., Granite City, Ill., has been assigned to Kessler Air Force Base, Miss., after completing six-weeks Air Force basic training. He will now receive specialized instruction in the administration field.

## Child's school clothing needs

By CATHERINE MAUCK

Home Economics Adviser

As in adult fashion circles, the big trend in kids' clothes this fall is the "Preppy" look. Plaids predominate on the racks and can be found wherever jackets, pants, dresses and skirts are sold.

These classic basics make a good investment any time but are especially in fashion this year.

This year's dresses for girls are understated, even to the point of being elegant, and the frills and flounces of last year have made an exit.

Shirt dresses as well as those dresses once termed the "Gibson Girl look" are back again and back big. Also good choices are skirts and blouses.

If you are shopping for growing girls, make sure blouses have long tails to allow growth. Also note the hem width to see if it can be let down, if necessary, next year.

For boys, sweaters compete with sweatshirts this year and come with motifs ranging from cartoon personalities to western heroes. Crew-neck and V-neck styles reflect the return to the classic look. Jacquard knits and geometric patterns are in abundance.

For both, overalls are plentiful and often are featured in corduroy with complementing shirt and matching jacket.

Before launching a back-to-school buying spree, take an inventory of your child's current wardrobe and decide what still fits, what looks good as is, and what needs to be altered, repaired or spruced up with a new belt, sash or trim that can be bought while you're shopping for new items.

And don't forget to bring the child in on the decision-making process.

While it's your money, he or she will have to wear what you buy. That outfit you thought was so cute at the store won't do anyone much good if it's left in the closet until it's outgrown.

From about the age of three, children usually begin to

express their likes and dislikes and should be encouraged to do so.

Smart parents will take their child shopping, select three or four suitable items and then let the child make the final decision.

One way to minimize tears and tantrums during the try-ons and take-offs at the store is to measure the child before you leave home so you can head right for the appropriate racks when you arrive.

Sometimes you may tend to forget how fast your children grow when you see them everyday. But by having them try on their school clothes from last spring, and doing some measuring before you get to the store, you can avoid the waste of time in having Johnny or Mary trying on several sizes of the same item to get the right fit.

For young children, you will need chest, waist, hip and height measurements to determine the right size.

For boys, get height, inseam, chest and waist measurements. Girls' sizes are determined by height and weight as well as chest and waist measurements.

## Nameoki collector accepting taxes at downtown bank

Nameoki Township Tax Collector Freida Ballew is accepting tax payments from Nameoki Township homeowners and property owners daily at the Granite City (Trust & Savings) Bank during regular banking hours, through the deadline of Sept. 22.

Payments also may be made to her home, 74 Laurene Court, Granite City, 62040, but she is not accepting payments at her home, she said Friday.

## MAYOR'S PAINT PROGRAM.

Madison County Board Chairman Nelson Hagmayer, left, and Mayor Paul Schulz, center, inspect work being done at the home of Blanche Scanline, 2656 Lincoln Ave., last week. At right is Ted Geggus, a journeyman painter from Local 120, painting the front exterior wall of the house. The painting is being done under the

mayor's paint program geared to low income families and senior citizens meeting the program's requirements. Two crews of five men each have finished approximately 45 homes whose owners applied. The city is supplying the paint and other materials needed for the exterior work and is reimbursed for the labor with Community Development funds.

(Press-Record Photo)

## Cities invited to plan work by recipients of food stamps

The Department of Agriculture is seeking communities interested in joining a pilot program requiring food stamp clients to work off the value of their food stamps.

Currently, workfare pilot programs are operating in seven locations. Legislation passed this May provided money to expand the number of sites to 14 and also authorized the project to run for another year beyond its originally scheduled expiration next month.

Sites that are selected to operate workfare pilot projects will receive federal reimbursement for 50 percent of their administrative costs under today's new rules.

In signing the emergency final regulations, Assistant Secretary Carol Tucker Foreman said cities, counties or other political subdivisions that already sponsor public service employment programs or that have demonstrated an ability to operate such a program are eligible to conduct the projects.

Legislation passed in 1977 specified that the workfare projects be carried out in one urban and one rural area in each of the seven administrative regions of the Food and Nutrition Service.

At the national level, the Lutheran High temporary site at university

Southern Illinois University at Edwardsville has authorized the use of several of its classrooms by Metro-East Lutheran High School, according to John Ulrich, special assistant to the vice-president for business affairs.

The space will be used by the high school during the university's summer-fall break from Aug. 25 to Sept. 19, and will allow the high school students to begin classes for the new school year on time.

"The university has been a gracious good neighbor to allow us to use the space," Dr. William Heinicke, principal of the high school, said. Included are eight classrooms in the Peck Building, a music room in the Communications Building, three science rooms in the Science Building and a field for athletic purposes.

Storm damage in June delayed construction work on the new high school building on Center Grove Road about a mile from the campus. It is expected that the building will be ready for occupancy by mid-September.

Approximately 85 students are registered to attend classes at the high school this fall, and space is still available. Parents interested in registering their children in the school may call Dr. Heinicke at 259-7285.

## Return TV to bridge plaza

A portable television, initially reported stolen from the toll plaza at the McKinley Bridge in Venice last week, was returned to an attendant there later the same day.

Ervin Young said a motorist with three passengers in the car drove up to the toll booth, asked for change for a \$5 bill and was told to park his vehicle to one side to avoid blocking traffic while the attendant went to the bridge office.

After Young returned with the change and the driver had left, it was noticed a portable TV was missing from the last booth.

The television was returned a short time later and no charges were filed.

## Radio station will observe tenth year

WSIE-FM (88.7), the radio station on the campus of Southern Illinois University at Edwardsville, will celebrate its 10th anniversary Sept. 4 with an open house and special programming.

Fred Criminger, general manager of the station, said the first 90 minutes of the first anniversary program will be aired beginning at 3 p.m. Sept. 4.

At 7 p.m., the original dedication ceremony will be broadcast, followed by a special anniversary program at 7:25 p.m., a documentary entitled "The WSIE Story" at 7:55 p.m., and an address by SIU Chancellor Kenneth A. Shaw.

The open house, featuring sound and visual displays, is scheduled from 2 until 5 p.m. and from 7 until 10 p.m. in the corridor outside Room 2101 of the Communications Building. Refreshments will be served.

The public is invited to attend, Criminger said.

Prior to establishment of the 50,000-kilowatt station, radio students worked in laboratories with taped network programs from other stations.

Nearly 600 people have graduated from the television-radio program at SIUE since it was founded 11 years ago. Today, one of the graduates is an announcer for the Houston Astros and another is the news chief for the Mutual Radio Network in Washington, D.C.

# Workers, consumers seeking to defend past gains—Gibson

By ROBERT G. GIBSON  
President,  
Illinois State AFL-CIO  
(Labor Day 1980 message  
by the former  
Granite Cityan)

The trend to the "right" in the American political scene is evident, especially where legislative decisions are made. Many people elected with labor's support are responding to the lobbying efforts of organized employers and other conservative forces by hedging on labor's programs or "ducking" from the responsibilities to cast votes on vital issues.

The result is a tendency to remove many of the hard-won advances for workers, consumers and others who do not have the individual "clout" to resist erosion of their defenses against problems they did not create.

Education is victimized through financial attrition. Industries are deregulated, costing jobs and lives of workers and eventual loss of health, welfare and pension benefits.

There are attacks on the Occupational Safety and Health Act which will weaken the workers' protection against injury and disease.

Here in Illinois, we have been engaged in defensive tactics in order to maintain the gains made in workers, compensation and unemployment insurance.

Everywhere we turn, we see the organized forces of conservatism eagerly pressing for a return to what they call "the good old days." Anyone with a memory or knowledge of history knows that those "good old days" were terrible — for workers, especially.

There are a growing number of sponsors of union-busting, "right-to-work" bills, with the purpose of crippling the trade union movement.

There are plans to put severe limitations on unions' ability to act on the political scene, while conservatives foster thousands of business-operated political action committees.

In the face of the aggressiveness of the conservatives, we are also troubled by the growth of so-called "single-

issue" organizations which, in their political activities, create divisions that can result in defeat of good incumbent candidates or can keep effective candidates from election.

That is why the trade union movement keeps its focus on the major issues, taking a pragmatic stance in the legislative and political arena.

We are in a year of landmarks for the American labor movement: the 100th anniversary of the formation of the Federation of Organized Trades and Labor Unions, in 1881, becoming the American Federation of Labor in 1886.

This is the 25th year of the merger between the American Federation of Labor and the Congress of Industrial Organizations.

The Illinois labor movement was established as a formal organization 96 years ago. Survival and growth in effectiveness over the years in the face of constant opposition is a tribute to the wisdom of the pioneers of the American labor movement and those who continued in their tradition of sound, practical idealism.

One of the chief incentives which led to the formation of the Illinois Federation of Labor in 1884 was the desire to do away with the ruinous competition of the craft unions led by free craftsmen in certain trades.

It took 21 years of effort by the State Federation to secure some measure of protection for free labor.

Recently, there was a painting and decorating job on one of the state's most important buildings in Springfield. This took place when over 15 percent of the union building tradesmen were unemployed.

On their way from the unemployment office, these jobless union members watched prisoners being marched into the structure, carrying the tools of the union members' trade. The men from the penitentiary had committed a variety of serious crimes. The only offense of the watching craftsmen was unemployment.

Organized labor sees this activity as a serious threat, with the potential of eliminating jobs of free labor in a broad variety of crafts and trades.

The trade union movement is rarely represented on the boards of correctional institutions. Without input from organized labor, prison administrators can return to the 19th century practices of undercatering free labor and the free market.

The Illinois labor movement was formally organized 96 years ago to fight these conditions. It is once more an issue which will require our attention and energy.

The mood of politicians to eliminate regulations protecting workers is epidemic. Let's not permit them to deregulate the work of our members, to be diverted to convict labor.

This problem not only will require the trade union movement's attention. We are optimistic about the future because we know what can be accomplished when we work together. So, the message for Labor Day 1980 is the traditional byword of organized labor: "In unity, there is strength."

## Annual Labor Day telethon

Chf. St. James and John Aubrey will co-host the "Live Labor Day Telethon" for the Jerry Lewis Labor Day telethon to benefit the Muscular Dystrophy Association. The telethon will begin at 10:30 p.m. Sunday, Aug. 31, and run continuously until 5:30 p.m. Monday, Sept. 1, Labor Day, on Channel 5.

Quarter-hour local segments will be presented at 15-minute past each hour. Lewis will supply the 15th annual national show from the Sahara Hotel, Las Vegas, with Ed McMahon again as anchorman. Celebrities participating will include Frank Sinatra, from Atlantic City; Barry Manilow, from Los Angeles; and Steve Lawrence, Eddie Gromme, Chad Everett, Tony Bennett, Wayne Newton, Roy Clark, Alky Duke Astin, Vikki Carr, Connie Stevens, Sally Struthers, Donnie Warwick and David Hartman.

Last year's telethon raised more than \$10 million for the MDA's international fight against muscular dystrophy and related disorders. Of this total, a record \$743,422 was pledged in the St. Louis metropolitan area.

The Muscular Dystrophy Association is spending over \$1,000,000 this year on its research and patient service program in this area, up from \$721,000 last year.

The programs include a Jerry Lewis Neuromuscular Disease Research Center at Washington University Medical Center; 14 individual research projects; three free patient and diagnostic clinics; three clinical fellowships; and free patient services including summer camps, physical therapy and orthopedic appliances.

St. Louis telethon chairman is John K. Wallace Jr., president of Cuyler Products. Former Cardinal Archbishop of St. Louis is the honorary chairman.

## Change in economy from manufacturing toward health care

Murray L. Weidenbaum, consulting economist, said Friday that this metropolitan area relies on service industries for economic stability and growth.

Weidenbaum reported that a shift has taken place during the past decade from reliance on industry (manufacturing and construction) to growth in service related activities such as health care, tourism and convention business.

These were among the findings of an "Economic Profile of the St. Louis Metropolitan Area."

He said, "Data for the area over the last 10 years clearly show the shift to a service economy."

"Furthermore, it appears extremely likely that future growth in this metropolitan area will continue to come primarily in the specific areas of medical services, tourism and convention business."

To encourage this trend, we should be more responsive to the needs of major associations for continued growth and development in this area, are the same which would provide employment to the greatest number, now presently unemployed in this region.

Weidenbaum reported further that specific activities here exhibiting stable growth during the past decade include aircraft, electronics, machinery, and fabricated metal products. Activities in motor vehicle and primary metals industries declined during the same period.

Geographically, activities in St. Louis City and St. Clair County were found by Weidenbaum to be on the decline, while St. Louis and Monroe Counties were stable areas.

St. Charles and Jefferson Counties were products of the most marked growth in this regard.

The profile of the metropolitan area showed that 24 of the top 25 companies listed by Fortune Magazine have an office, factory or other operation in St. Louis; 42 of the top 50 are represented in the same manner; and 82 of the top 100 listed by Fortune are likewise in this area.

Other major findings of the study are:

—The annual cost of living for an average family here is \$19,963. This figure compares favorably to the U.S. average of \$20,517.

The average cost of living in St. Louis is also lower than that of other large cities: New York, Chicago, Milwaukee, Cleveland, Baltimore, Minneapolis, Detroit, Boston, Denver and Philadelphia.

—St. Louis has a diversified economy: 15 industries each employ more than 10,000 people. The largest of these are: health care, education, and the service industries.

—Property tax loads in the St. Louis area jurisdictions are significantly lower than in most other metropolitan areas. The average is \$1.36 per \$100 of assessed value, compared to \$1.50 in New York City, Los Angeles, Philadelphia, Detroit, Boston, Pittsburgh and Minneapolis.

—St. Louis is a major financial center: headquarters of the Federal Reserve Bank of St. Louis and of the largest banks in the region.

—The area possesses an inexhaustible water supply: the minimum flow of the Mississippi River is 93 times greater than the average daily demand for water here.

—The region's centralized geographic location provides ready access to one-third of the nation's population and manufacturing within a radius of about 500 miles.

—This metropolitan area is a major transportation hub, its study concluded.

DR. W. F. HEINICKE

## Lutheran principal selected

Dr. William F. Heinicke has accepted the position of principal of Metro-East Lutheran High School.

For the past seven years, he has developed schools in Montana and Washington for the North Cheyenne and Quileute Indian tribes. The administrative positions are eventually assumed by Indians and the schools are operated by the tribes.

He has extensive experience in educational planning, school development, educational program planning and financing of schools.

Meinicke has been an assistant professor at Concordia College in Seward, Neb., principal of Bethlehem Lutheran School in Denver, and youth director at Bethlehem and at Redeemer Lutheran School in Philadelphia.

A graduate of Concordia College in Seward with a bachelor's degree in education, he received his master's degree from the University of Colorado and his doctorate from the University of Nebraska, both in educational administration.

He and his wife, Patricia, have the parents of five children. A son is married and two children are in college. His wife is a homemaker and has been a part-time teacher aide.

Dr. Heinicke is the son of the late Rev. and Mrs. I. C. Heinicke.

## Loaded shotgun aimed at police is confiscated

Irene E. Barr, 36, of 2423 Terminal Ave., was arrested for reckless driving and aggravated assault at his residence at 3:55 a.m. Saturday after allegedly pointing a loaded 12 gauge pump shotgun at Granite City police.

Officers had followed him to his home after seeing a car turn from Nameoki Road onto Victory Drive at high speed. Another resident admitted to the dwelling.

Barr is said to have lowered the shotgun after three verbal warnings by the policeman who had drawn a service revolver; two police said they then had to use force to handcuff him.

The shotgun and several shells were confiscated.

## Practice set for rescuers

The Madison County Firemen's Association will hold a class Thursday for rescuers and firemen on the latest procedures for removing injured persons from automobiles.

The class will be held at the Madison County Firemen's Hall, 9510 Collinsville Road, beginning at 7 p.m. Thursday and will include procedures for removing injured persons from automobiles.

The class will emphasize safety, so firemen are asked to bring their own gloves, helmets, coats, boots and eye protection.

Several wrecked cars will be available to work on and all of the participants will be given ample opportunity to work with rescue tools, air bags, windshield removal foam, cutting torches, air hammer and other rescue equipment.

The class will emphasize safety, so firemen are asked to bring their own gloves, helmets, coats, boots and eye protection.

# McDonald's wins Inter-City title

By TOM SCHOCKER  
For the Press-Record  
GRANITE CITY — All manager Ray Harris of McDonald's had to do was raise the trophy high above his head and say "I told you. His team had just swept Corral Ligan in the finals of the Inter-City League Championship Series Sunday at Wilson Park.

But for McDonald's, it wasn't out of the ordinary. Its 2-0 and 5-4 victories to clinch the league championship were only one more title added to a list of many. "I guess it has been the last five years McDonald's has had a team, that they have won the championship wherever they've played," said Harris. "But these guys were just tickled to win. They told me before the season started that we were going to win it and with God's help we did."

Harris' jubilation might not have happened though, if not for the Corral defense. As it turned out, three costly errors gave McDonald's the championship. The first two came in the opener, when McDonald's broke a deadlock with a pair of runs in the third.

In an inning that should have been routine, Mike Robertson gave McDonald's four outs as he threw away an easy roller off the bat of Dan Schaus. The mistake led to disaster. Jeff Tretter then drilled a clutch, two out base hit to left. But the errors began to build. Tretter's shot eluded the leftfielder, giving Schaus and Tretter ample time to score. "We just can't play good against McDonald's," said Corral head coach Ken Crawford. "Too many errors. They really killed us."

The irony about the entire game was that Crawford went with his ace, Dan Herstein to open on the mound. If it hadn't been for those miscues, he might have pitched a two-hit shutout. On the other hand, Harris, likewise, went with his ace, Steve Doty. And Doty was backed by flawless fielding.

Centerfielder Pat Hogan of McDonald's prevented a run in the first when he speared a sharply hit fly from Brian Sikes. In fact, he had to come up with an excellent diving catch to save not only one run but maybe two. The McDonald's defense went on to pull off three double plays in three innings. Second baseman Al Yount was the key pivot man in accomplishing the last trick. "Most of the runners coming down were quick," said Yount, "so I knew I had to get the ball off fast. But you have to credit most of it to Doty. He's a good ground ball pitcher. He makes the hitters beat them into the ground."

(Continued on Page 11)

AL YOUNT of McDonald's (right) forces out Corral's Bobby Clark and relays the ball on to first base to complete a double play in yesterday's Inter-City championship series sweep

by McDonald's. It was the first year for both teams in the league. More photos on page 11.

## First games this week for prep soccer teams

GRANITE CITY — Even though it's still summer, high school fall sports will get underway this week when Illinois prep soccer squads begin their seasons, which all hope will finish in DeKalb in November at the State Finals in Huskie Stadium on the campus of Northern Illinois University.

For Quad Cities soccer fans, the season will officially get underway Saturday when the Granite City North Steelers of Coach Bob Kehoe travel to Quincy to do battle with the Quincy Senior High Blue Devils. The game is set for 1 p.m.

Next week, defending state champion Granite City South will begin its season at home against Lebanon Tuesday.

Next Thursday, Sept. 4, South has a home game scheduled with Alton Senior High. As of press time today, however, it was doubtful that the game will be played because of the Alton teachers' strike. If the strike is settled before next Thursday, the game will be played. If not, it will be postponed.

North's Steelers also swing back into action next week with three games. Sept. 2 (Tuesday) the Steelers will be at Edwardsville in Gateway East Conference action. Wednesday, they will play at Cahokia — also a GEC game. Next Saturday, North will open its home season with a GEC contest with Belleville Alhaff.

Madison will get its season underway Tuesday, Sept. 9 when it plays a home game against Lutheran South.

Sept. 9 is a date soccer fans in Granite City should circle on their calendars. That's the date of the first clash between Granite City North and Granite City South. The key GEC game will begin at 4 p.m. at North Steeler Field.

Soccer isn't the only sport getting underway this week and next. Football, cross country, girls tennis and golf will also start.

## Cougars fall to Britons 2-0

Special to the Press-Record  
EDWARDSVILLE — Bob Guelker doesn't like to do anything but win. He doesn't like ties and he hates losing. He had nothing to like and everything to hate here Saturday night.

Guelker watched as his SIU-Edwardsville soccer team, the defending NCAA National Champion, lost a 2-0

thriller to the Universities Athletic Union of Britain in the last night of action in the Nike-SIU Soccer Tournament at Cougar Field.

UAU-B, with its 3-0 record, was voted the tournament champion by the coaches of participating teams. SIU-E finished with a 0-1 record. Because teams were not involved in an equal number of games, it was

necessary to vote for the tourney champion.

UAU-B took a 1-0 lead in the first half — a half that was almost completely dominated by the SIU-E Cougars. At the 13:20 mark of the first period, UAU-B's Bob Christie came in on SIU-E goalie Ed Gettemeier from the right side and let go with a shot from a bad angle. Gettemeier came out to

cover it, but the ball got past him. UAU-B's Gwyn Jones came in behind the Cougars' goalie and slammed it into the net for an easy goal. It was UAU-B's first shot on goal.

SIU-E outshot UAU-B 10-7 in the first half, but despite several close calls, couldn't get the ball past the British goalie. A little over seven minutes into the game,

MAD SCRAMBLE. SIU-Edwardsville's Tom Grark (10) tries to control the ball Saturday night against a Universities Athletic Union-

Britain defender in the Nike-SIU Soccer Tournament at Cougar Field. At far left, SIU's Tim Guelker watches the action. SIU lost 2-0.

(Press-Record photo by Ed Sedes)

## Outlaws put on good show

By JEFF FAVES

For the Press-Record

GRANITE CITY — A

dramatic finish in the 40-lap

feature saw Doug Wolfgang

of Sioux Falls, S.D., pass leader Steve Kinser of Bloomington, Ind., on lap 34 to win the second annual World of Outlaws "Illinois Sprint Car Nationals" Saturday night at the Tri-City Speedway with wings.

Wolfgang, who started on the pole in the feature, took the lead from the start and lead until lap eight when Kinser passed him. Kinser started on the third row

the race was red flagged when Gary White of Marion, Ill., flipped his car in turn one. White immediately crawled out of the car unhurt. When the green flag came out, Kinser took command of the race and looked like he was going to win the \$3000 first place prize. But Wolfgang, driving his Mecom-Kalb Sp. No. 4, steadily worked his way up to Kinser and eventually

went on to become the 1980 Illinois Sprint champion. At the finish of the 40-lap feature, Wolfgang was the winner followed by Kinser, Lealand McSpadden of Tempe, Ariz., Ron Shuman of Mesa, Ariz., Chuck Amati of Freeman Spur, Ill., Lee James of Lizton, Ind., Lee Osborne of Jamestown, Ind.,

and Bobby Davis Jr., of Memphis, Tenn. In time trials, Doug Wolfgang who set a new track record back in June, saw four WoO drivers break that track record of 20.59 by Mesa, Ariz., Steve Kinser setting a new track record with a time of 20.51. In Kinser's first run, he set the record again with a

20.70 clocking. The four drivers who were under the old mark were Lee James at 20.67, Tim Green of Sacramento, Calif., with 20.58 and Lealand McSpadden at 20.90. The first heat was won by Kevin Olsen of Davenport, Iowa, followed by Rodger (Continued on Page 11)

# Oh sure, nothing to do.

GRANITE CITY — Oh sure. You say there was nothing to do in Granite City this summer. It's an age-old complaint heard from kids from Timbuktu to Kalamazoo — and Granite City.

But it's not valid — at least not in Granite City. For instance, this summer there was swimming, baseball, softball, diving, gymnastics, tennis, soccer, BMX, dancing, skating, T-ball, arts and crafts, Junior Olympics, handicapped swimming,

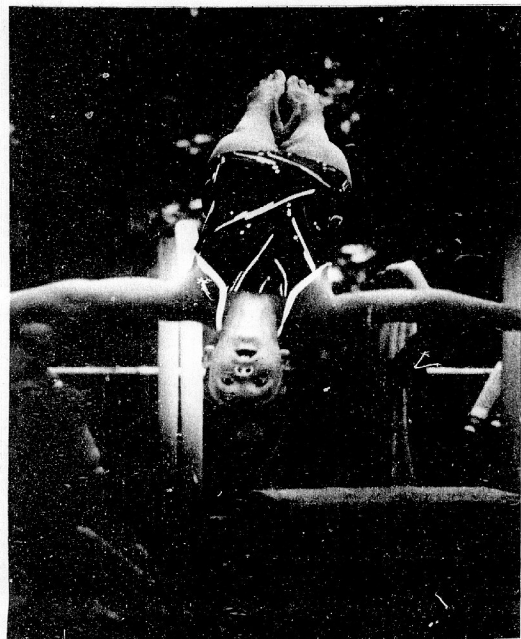

American Legion baseball, Inter-City baseball, Paddlers swimming and diving, YMCA programs by the truckload.

The list goes on and on.

From the first crack of the bat in late May to the last splash in August, it was a pretty fun summer for kids in Granite City. But it wasn't too bad for the adults, either. But now it's time to put the swimming suits away. And the bats and gloves, too. Time to get out the pencils and notebooks.

And the footballs and soccer balls, too.

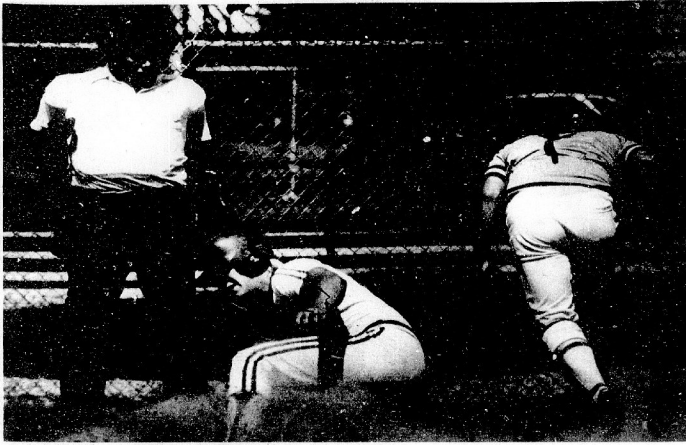

PHOTOS — Clockwise from right: Tri-City American Legion baseball team's Bob Batey completes a doubleplay; Steve Spencer (1.) and Mark Goldschmidt go at it in a "Just for Kicks" soccer game; a young Olympian emerges from the tunnel in the obstacle course at Wilson Park; A young Paddlers swimmer; Christine Donniff of the Paddlers diving team.

Press-Record  
photos by  
Ed Sedej

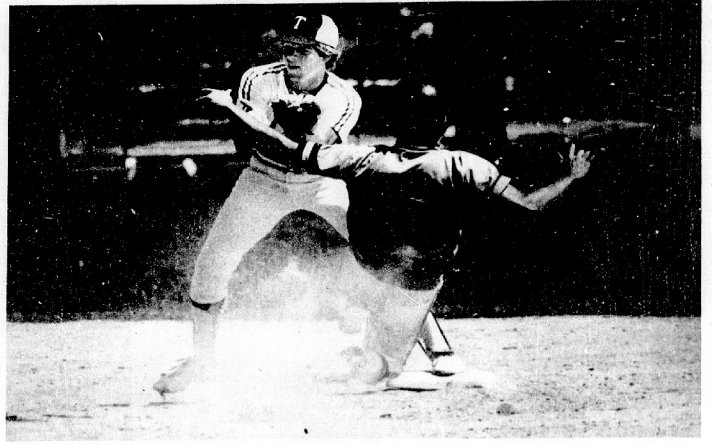

**I-C TITLE GAME ACTION.** The action was exciting at times yesterday during the Inter-City League's championship series at Wilson Park

between the two Granite City entries, McDonald's and Corral. McDonald's swept the twinbill to grab the league crown. At left, Jeff

Tretter of McDonald's slides home safely with a run. At right, McDonald's Jeff Parker (left) tags

the base to force a runner.

(Press-Record photos by Ed Collier)

## Softball

### YMCAs meeting

GRANITE CITY — The Tri Cities Area YMCA Soccer Association is looking for referees.

Any boy high school age or older who wishes to referee for the league this fall should attend a special meeting, Thursday, Aug. 28 at the YMCAs at 7 p.m. Certified referees will be at the meeting to explain rules, techniques and to give a certification test. Anyone wanting further information should contact Bob Youn at 931-2544.

## Two canoeists heading down the Mississippi

By NEAL ST. ANTHONY

MINNEAPOLIS — A University of Minnesota student and a companion plan to embark today on a 32-day canoe race against time from the Lake Itasca headwaters of the Mississippi River 2,245 miles south of the Gulf of Mexico.

Kirk Millhorne, 22, a speech student, and Steve Eckelkamp, 24, a biology teacher, plan to pare 10 days from the existing 42-day world record set two years ago by a team of British Royal Air Force, who used "duffers," or substitute paddlers, and slept in motels.

The pair will forego such comforts alternating on river naps at first, and later sleeping on the river bank. Millhorne and Eckelkamp plan to average 70 miles per day. Under similar conditions, Millhorne said, the old record of 56 days was

claimed by three Minnesotans in 1937.

"This will be the first time that just two people with no duffers have tried it," Millhorne said. "We won't spend any more than five minutes per hour out of the canoe for the first two weeks, or until we get to St. Louis. We've registered our attempt with the Guinness Book of World Records."

The two — both ex-high school swimmers who coach an amateur team in Barnsville — decided that they should try the trip while they still have time. "It will test me," Eckelkamp said, "it sounded fun and a challenge. A few years from now it wouldn't be possible."

Since April, Eckelkamp and Millhorne have trained rigorously and studied maps of the river's most favorable channels. This summer, a typical day includes a mile-and-a-half swim, a 5-mile

jog, 15 miles of bike riding, weight training, and a possible game of racquetball just for fun.

Both men say they are in such peak physical condition that on their rest day each week they feel slow and sluggish. Both are lean, taut and tanned. They will consume up to 8,000 calories daily during the trip, and will stay on a high carbohydrate diet. An average person eats 2,800 to 3,500 calories a day.

Nevertheless, stamina of the mind and spirit are their biggest concerns, Millhorne said. "We're talking about 15 hours a day in a canoe. I think about keeping my spirits and not losing myself in the distance of the river." "Keeping the motivation up and the physical strain" concern Eckelkamp. "We're just going to try to go out and get ahead at the start. I think the first week will be the fastest."

"You never talk about not making it," Millhorne said. Millhorne said.

"If we don't break the record, it's the experience that's important, the people we'll meet."

Arrangements are being made with the U.S. Army Corps of Engineers to expedite the voyage through the river's many locks and dams. The pair plan to follow channels travelled by large barge traffic. "If you make a (route) mistake, it could cost you half a day," Eckelkamp said.

The estimated cost — including an 18-foot racing canoe and other equipment — is \$8,000 to \$10,000. A motorboat will follow the canoeists. The University of Minnesota alumni student board is coordinating a corporate sponsored effort; however, the pair say they will pay whatever can't be raised themselves.

They plan to notify ahead of time newspapers and broadcasters along the river so they can document their effort. "Newspaper clips legitimize it for Guinness," Millhorne said.

## Four locals named

MACOMB — Four Quad Cities athletes received Illinois State All-Star Team mention this week, following the completion of the Illinois Men's Slow-Pitch State Tournament, held in Macomb last week.

Wagoner Trucking of Madison had two first team selections. John Piechocinski of Wagoner was tabbed as the top outfielder in the tournament, also named to the All-Star squad from Wagoner was shortstop algie Crawford III. Zantigo of Granite, which finished fourth in the state tournament, had one player

named to the first team — catcher Steve Schardan. Jerry Duncan of Zantigo was given All-Tournament Special Mention honors.

Other area players named

to the first team were Collis James and Ed Hightower of Alton Athletic Club, and Junior Rudolph and Al Tarpley of Belleville Whompacats.

(Continued from page 9)

Hurst of K.C., Mo., Jerry Wiggs and Gary White both of Marion, Ill.

Vern Church of Tacoma, Wash., won the second heat followed by Ralph Blackett of Des Moines, Iowa, Randy Bateman of Murphysboro, Ill., and Bobby Davis Jr. In the third heat Ron Shuman, driving the Federal Express Spl., vacated by Sammy Swindell, was the winner over Dean Shirley of Middletown, Ill., Chuck Amati and Danny Smith of Hendersonville, Tenn.

Wolfgang won the fourth heat over Steve Kinser, Jimmy Sills of Sacramento, Calif., and Lee Osborne.

Vern Church won the 15-lap "B" feature over Gary White, Rodger Hurst, Ron Standridge of Springfield, Ill., and Kevin Olson.

Steve Kinser picked up \$1000 for accumulating the

most points for the two days. **OPENING NIGHT** The opening night for the "Illinois Sprint Car Nationals" was held Friday night at the Speedway.

Local sprint car, stock car, and midget racer Kenny Schrader of Ballwin, Mo., won the opening night 30-lap feature driving the McDonald Const. Spl. from start to finish and an "upset" over the Wo's.

Schrader, who started on the pole, was pressured throughout the race but won the \$2000 first place prize money.

At the start of the feature, Schrader jumped out to a five-car lead until on lap four, Danny Smith of Hendersonville, Tenn., flipped his Kenny Rogers Special, on the front straight-away. At the same time on the front

shoot, Jimmy Sills of Sacramento, Calif., hit Randy Standridge of Springfield, Ill., from behind. Standridge's car caught on fire. All of the drivers escaped without injury.

On the restart, Bobby Davis Jr., of Memphis, Tenn., flipped his sprinter on lap eight over the third turn quadral. Davis was not injured.

At the finish of the 30-lap feature, Schrader was the winner followed by Ricky Hood of Bloomington, Ind., Steve Kinser, Dean Shirley of Middletown, Ill., Ron Shuman of Mesa, Ariz., Doug Wolfgang of Sioux Falls, S.D., Lee Osborne of Jamestown, Ind., and Lee James of Lizton, Ind.

Lesland McGadden out qualified a big field of 38 cars with a 22.34 seconds on the

half mile.

Russ Racine of Evansville, Ind., won the first sprint heat over Rodger Hurst of K.C., Mo., Ron Standridge of Spfld., Ill., and Gary Lobstein of St. Louis, Mo.

Bob Kinser of Bedford, Ind., won the second heat over Vern Church of Tacoma, Wash., Danny Frye Jr. of St. Louis and Bobby Davis Jr. Dean Shirley won the third heat over Jimmy Sills, Ron Shuman and Chuck Amati of Freeman

Spr., Ill. In the fourth heat, Ricky Hood was the winner followed by Doug Wolfgang, Danny Smith and Kenny Schrader.

Bobby Davis Jr., won the "B" feature over Danny Frye Jr., Jerry Wiggs of Marion, Ill., Bob Kinser, Jerry Russell of Spfld., Ill., and Vern Church.

## Steve Bradbury bowls 300

GRANITE CITY — Steve Bradbury of Granite City bowled a 300 game Sunday, Aug. 17 at Bowland Lanes. Bradbury bowls for the High rollers team in the Sunday Early League at Bowland.

Doty put together another remarkable performance, his seventh straight victory without a defeat. "I thought I was in control throughout the game," said Doty. "I couldn't get my curve ball down in the beginning, but it came around. I was really surprised about the double plays. They helped me out a lot." Doty even managed to help himself out when he picked off a Corral runner in the fifth.

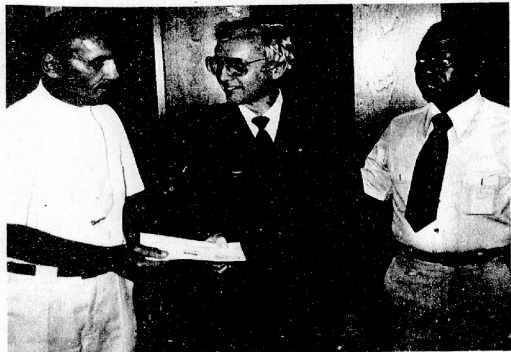

With that type of total team performance, it was only a matter of time before McDonald's could sense the championship. "We got the kind of game we needed," said Harris. "I think the guys were dreading the first game. Both Doty and Hestien had good records. But winning the contest it gave them a little pep."

The adrenalin was pumped for McDonald's in the second game. Schau and Jeff

Parker provided the extra base hits in the first frame, giving McDonald's an early three-run advantage. But it was another mistake on behalf of the Corral defense that won the game for McDonald's.

With the score at 4-3, in the bottom of the fourth, Pat Hogan, after connecting for a one out single, attempted to steal second. Corral catcher Dave Hagenbrock's throw handcuffed the second baseman and rolled into centerfield. Hogan scooted around third and scored the eventual winning tally. "We have got some kind of jinx on us," said Crawford.

Corral had worked to draw close in the third, when Sikes delivered a single for two RBIs. But the damage was complete in the fourth. The Cowboys tried to come with the tie, but after Doug Hains had ripped an RBI single in

**\$700 CHECK** is presented to Capt. Donald Salsbury, center, of the Granite City Salvation Army Corps Center, 3007 East 23rd St., by Chris Pashoff, left, Venice Township Supervisor, last week. The money is to offset some of the expenses incurred when the Salvation Army set up a heat survival center during the July heatwave to aid those persons unable to contend with the intense heat. At right is Venice Township Trustee Ben Honorable.

## County rejects Morrison rezoning

The Madison County Board last week denied rezoning for a tract of land at Maryville and Morrison roads on the recommendation of the County Board of Zoning Appeals.

Russell Lewis had sought a combination of R-5 multiple-family residential and B-2 general business zoning for the property and planned to construct three six-family apartment buildings there. He had no immediate plans for the property for which business zoning was sought, authorities were told.

Numerous persons attended a public hearing July 29 on the rezoning request and several spoke in opposition. A petition bearing the signatures of 112 area residents in opposition to the plans also was presented to the zoning board at that time.

Among the reasons cited for the recommendation that the rezoning be denied were that neighbors objected to the multiple family units and that Lewis announced no specific plans for use of the proposed business section of the property.

In other business, the board rejected a request by County Auditor Arthur "Pete" Fields of Venice that the checking account of the county highway department be turned over to the auditor's office and all future highway checks be issued by the auditor.

Les Miller, highway superintendent, said he has maintained control over his department's checking account for 33 years, since he has been in office, and feels he can handle it better than the auditor's office.

He cited an example of when the county issued some highway department checks prematurely, causing the department to borrow to keep from overdrawing. He contended that mistake cost the county about \$2,000.

Miller also said he feels the checks for merchandise purchased are issued faster by his department than by the auditor's office, resulting in lower prices from suppliers who know that they will be paid immediately.

On a voice vote, the board showed little support for three tax cut referendums to be placed on the November ballot, but the vote had no effect, since the referendums will be on the ballot anyway.

Petitions submitted by former appellate judge George Moran Sr. call for lower tax rates for the highway and bridge fund and federal aid matching fund for 1980 only (collected in the summer of 1981). The petitions were designed to head off heavier tax cut measures being proposed by the National Taxpayers United of Illinois, which suggested 25 percent cuts in many county funds.

That group's petition drive was thwarted by Moran's drive, which had the backing of Fields and other county officials. After Moran's tax-cut petition was accepted, the NTU stopped its petition drive and failed to file petitions by the Aug. 18 deadline.

Assistant State's Attorney Don Smith told the board that Moran's petitions were filed correctly and would have to be put on the ballot, no matter how the county board voted on the issue. The voice vote then was taken, rather than a roll call vote, and the measure passed, but without much enthusiasm from the board members.

**BATTERY IS ALLEGED.** Richard F. Bobb, 42, of 161 Briarwood Drive, was charged with battery after he allegedly struck his stepdaughter, Chris Woodward, and his wife in their home last week. Police were told that Bobb came home, found his stepdaughter on the telephone and struck her arms and legs with the received. When the mother intervened, he allegedly punched her.

## Gardenaires hear show plans

The summer meeting of the Gardenaires Garden Club of Granite City was held last week at the country home of Mrs. Roy Hornmann in Edwardsville.

Mrs. Leo Schank, president, was in charge of the business session and provided information from Mrs. William Lindsey, director of District V, Garden Clubs of Illinois, concerning the state flower and garden show, scheduled Sept. 14 to Sept. 21, at the Fox Valley Center in Aurora.

Theme for the state show is "Roundup in the Valley" and 21 design classes carry western titles, Mrs. Schank said.

Gardening groups in District V, including local clubs, are making plans to travel by bus to the state event, members were advised.

Mrs. Charles Kohl presented the program, entitled "Test Gardens," in which she showed the test and score papers used at the Missouri Botanical Gardens in the rose test garden.

She also described the Organic Gardening and Farming Research Center, located at Makatawney, Pa., and members held a general discussion on various test programs being conducted in Illinois on corn and soybeans.

Mrs. Robert Hintz, ways

and means chairman, gave information on the Granite City Park District's annual craft festival, scheduled in November, and members voted to again participate.

Plans were made for an all-day workshop on Thursday, Sept. 11, at the home of Mrs. William Long in Edwardsville.

The workshop will begin at 10 a.m. when materials will be prepared for sale at the park craft show.

Others at the meeting were Mrs. Mary Kristian, Mrs. C. E. Eads, Mrs. Jerry Arbeiter, Mrs. Richard Kerch, Mrs. Andrew Gonzalez and a guest, Mrs. L. J. Hoffman of Peoria.

## Eagles Auxiliary plans bazaar

Plans for a bazaar and rummage sale were advanced at last week's meeting of the Granite City Eagles Auxiliary at the Eagles Home, 2556 Madison Ave.

The bazaar and sale will take place Sept. 11 through Sept. 13 at the Eagles Home, Mrs. Vernie VonNida described various handicraft

items being made by members to be offered for sale at the event.

Workshop sessions currently are scheduled each Monday night and Thursday afternoon. All auxiliary members are invited to help with the handicraft projects, Mrs. VonNida said.

In other business, conducted by Mrs. Lola

Barylske, president, the auxiliary voted Mrs. Florence Powers into membership.

The charter was draped in tribute to the late Mrs. Betty Woodruff.

A "white elephant" gift was awarded to Kathleen Reed. Mrs. VonNida also won a prize.

**GOLDEN WEDDING.** Mr. and Mrs. William Krauskopf, who celebrated their 50th wedding anniversary at a reception held Saturday in their home, 2809 Saratoga Ave. They were married Aug. 23, 1930, in Granite City.

## William Krauskopfs celebrate 50th year

Mr. and Mrs. William (Marcella) Krauskopf, 2809 Saratoga Ave., were guests of honor at a reception in their home Saturday.

The occasion celebrated the couple's 50th wedding anniversary.

Mr. and Mrs. Krauskopf were married Aug. 23, 1930, in Granite City and have resided here their entire married life.

He is retired from Carter Carburetor, a division of ACF Industries, St. Louis.

Mrs. Krauskopf is a member of St. Margaret Mary Catholic Church. The honorees are the parents of Mrs. Dave (Janet) Williams and Mrs. Terry (Mary) Atchley, both of Granite City; and Michael Krauskopf of Warrensburg, Ill.

They have 10 grandchildren and three great-grandchildren.

A son, William Krauskopf, is deceased.

ANGELA GRUPPAS

## In state teen beauty pageant

Angela Kaye Gruppas, 16, daughter of Mr. and Mrs. Albert Gruppas, 1302 Washington Ave., Madison, sponsored by the City of Madison, Mike Sasyk, mayor, is a semifinalist in the annual "Miss Teen All American" state contest at Pioneer Park, Aurora, Ill., Sept. 7.

Teenage beauties from all parts of Illinois will be participating. Girls between the ages of 14 and 18 are eligible to compete.

Contestants are judged in poise, personality, leadership, scholastic achievement, community service, and beauty of face and figure.

The winner will receive an all-expense-paid trip to Miami Beach, Fla., in November to compete in the Miss Teen All American Pageant with finalists from all parts of the nation. Miss Illinois Teen All American will receive a \$500 cash award.

## Mrs. Manning will be speaker

The Southern Illinois Divorced and Separated Catholics will meet Wednesday at 7:30 p.m. in Eckhard Hall, St. Boniface Catholic Church, 128 N. Buchanan, Edwardsville. Guest speaker will be Evelyn Manning, family counselor and baby sitters are provided, according to Father Meyer, 656-6450.

## 'Get well' wishes for Mrs. Epstein

By VALERIE EVENDEN of the Press-Record  
Mrs. Fanny Epstein, an active community leader in Granite City for many years, has received over 1,000 "get well" cards and messages from well-wishers since becoming ill in May.

She is presently a patient at the Delmar Gardens West Nursing and Retirement Center, 13550 S. Outer 40 Road, St. Louis.

"I very much appreciate these thoughtful and encouraging messages," Mrs. Epstein told a visitor to the nursing facility last week. The local resident is recuperating from major surgery which she underwent in May at Barnes Hospital, St. Louis.

She is slowly recovering, but is unable to acknowledge all the cards and letters she has received and hopes to extend her appreciation by reaching many of her friends through the Press-Record, she said.

Mrs. Epstein, the wife of Dr. Harry Epstein, will celebrate her 83rd birthday in December. She has lived in Granite City for 50 years and has been involved in community affairs for almost all of those years.

Mrs. Epstein is a member of the Granite City Society for Crippled Children's board of governors and for many years served on the Tri-City Area YMCA board of directors.

She has worked with numerous civic groups

FANNYE EPSTEIN

over the years and remained an active volunteer in the United Way's annual fund raising campaigns until earlier this year.

Mrs. Epstein was honored last November when she was presented a Scroll of Honor for her "dedicated volunteer service of 36 years" to the Jewish Federation of Southern Illinois.

The presentation was made at the federation's annual dinner at the Breckenridge-Frontenac Hotel, St. Louis.

She has been an active member of the federation since its inception 37 years ago and served as a volunteer reporter for the organization's Jewish Community News of Southern Illinois for the same period of time.

## National Steel cuts dividend, sees loss for third quarter

Directors of National Steel Corp., at a regular meeting last week, reduced the dividend for the third quarter of 1980 from the previous 67½ cents per share to 50 cents per share.

The dividend will be payable Sept. 26 to stockholders of record Sept. 2. The meeting was held in Pittsburgh.

National Steel said its directors reduced the dividend because sharply depressed demand has produced an unfavorable earnings outlook for its steel operations, while capital spending, particularly for environmental project must continue at high levels.

National said it has been severely impacted during this recession by virtually unprecedented low demand and low operating rates at its steel divisions, along with high levels of imports, severe price discounting, and heavy expenditures for government-mandated environmental controls.

Revenues are inadequate for the current combination of adverse conditions, despite stringent cost reduction programs, layoffs for nearly 6,000 employees, a reduction of all officers' salaries, and a \$80 million reduction in the capital budget based on current estimates, National said.

It is projecting a substantial loss in the third quarter of this year.

National Steel said there has been a light improvement in the booking rate for its steel products, but it is too early to say that an upturn has begun.

Under these circumstances, the corporation will further intensify its aggressive cost reduction programs being carried out by all its plants, a spokesman said.

## Resale of homes continues to rise

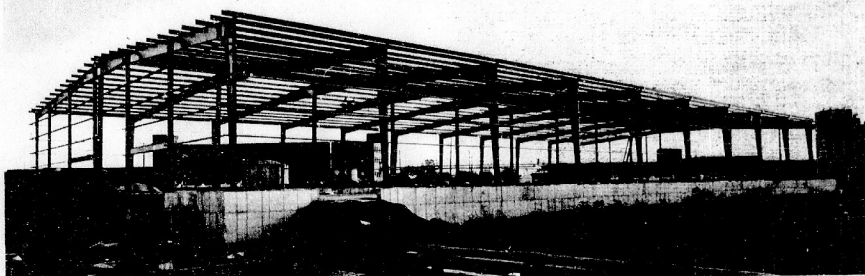

Existing home sales climbed 17 percent in July to a seasonally adjusted annual rate of 2.9 million units, Dr. Jack Carlson, executive vice president and chief economist of the National Association of Realtors, reports.

"Over the last two months," Carlson said, "resale activity has grown 26 percent, or by 800,000 units, since the market bottomed out at a sales rate of 2.3 million units in May."

All regions of the country, he continued, are participating in the sales expansion. But the sunbelt areas of the South and West are reporting a larger increase than Northeast and North Central states, where the recession has struck hard.

"Considering the level of interest rates and economic conditions, the gain in resale activity is encouraging," he added. "However, we must keep in mind that despite these recent improvements, existing home sales are still 23 percent below the same period a year earlier."

## New natural gas discovery

Marketable deposits of natural gas have been discovered 150 miles northeast of Chicago in a pair of wildcat wells drilled by Amoco Production Co., the U.S. exploration and production subsidiary of Standard Oil Co. (Indiana).

George H. Galloway, president of Amoco Production, said the two discoveries suggest an expansion of the Michigan Reef trend in Michigan, which Amoco has explored extensively over the past several years, resulting in substantial production of both crude oil and natural gas.

These two wells are between recognized northern and southern portions of the popular geologic interpretation of the trend, but Galloway stressed that neither well has been completed and only preliminary tests have been conducted.

## GC council denies solicitation request

The Illinois Public Action Council will not be allowed to solicit donations door-to-door in Granite City, the city council decided last week.

The city council previously had deferred action on a request by IPAC to distribute literature and solicit funds door-to-door within the city.

A letter from an IPAC official, read at the last city council meeting, requested that the city clarify its position on the proposed solicitation.

Mayor Paul Schuler said the council could either refuse the permission, or could set a permit fee for each solicitor. On a motion by Alderman Earl Baker of the Sixth Ward, the council voted to refuse the permission.

Only Alderman Charles Douglas of the First Ward, who previously said IPAC sounded like the kind of organization he would not

mind joining, voted against the motion to deny permission for the door-to-door solicitation.

Aldermen Glen Sprankle of the Fourth Ward, Margaret Nomm of the Fifth Ward and Paul Ray Bowler of the Seventh Ward were absent from the meeting.

The council granted permission to Victor J. Koenig, director of the Granite City Emergency Services and Disaster Agency (Civil Defense) to attend the annual Illinois convention of ESDA in Peoria Sept. 5 to 7, and the annual convention of the national ESDA in Milwaukee Oct. 5 to 10. Federal matching funds are available to reimburse the city for most of the costs incurred, the aldermen were told.

Mayor Schuler said he was very pleased with the municipal tax of \$139,950 rebated to the city by the Illinois Department of Finance from May collections. "That is very good for the month of May," he stated. He also expressed satisfaction with the city's share of motor fuel taxes received from May collections as a check for \$43,322 has been received by the city.

Amvets Post 51 was granted permission to hold its annual Veteran's Day program on the lawn of the city hall on Nov. 11, at 11 a.m. The post also requested that the city have a representative present at the ceremony.

An open invitation was

offered to any alderman who wishes to attend a meeting of the Joint Illinois Senate and House Municipal Cities and Village Problems Commission in Chicago Sept. 12 at 3 p.m. to discuss mutual problems, including the reduced income from motor fuel taxes caused by reduced gasoline consumption by motorists.

State Sen. Sam Vadalabene (D-Edwardsville) is chairman of that commission.

The council placed "on file" a request from a motorcyclist for reimbursement of damage from an accident. Larry Jerden told the council in a letter that the front wheel of the cycle was damaged when he hit a bump in the 1800 block of Madison Avenue and he sought funds to replace the wheel.

Assistant City Attorney Irvin C. Siste Jr. told the council he does not believe the city is liable, unless proof can be shown that the city was notified in advance of the accident that the bump existed. The letter was placed on file (no action taken) on a motion by Alderman Sam Whitmer of the Second Ward.

The council considered a request by the Granite City Kiwanis to set peanuts in the intersection of Nameoki, Johnson and Fehling roads Tuesday and decided to leave the decision up to the chief of police and city attorney.

Chief Ronald J. Veizer told the aldermen he has not seen

a copy of a new state law controlling such charitable sales in intersections and must recommend that the request be rejected as illegal, under the latest laws available to him.

"We have not allowed any of these in the last three or four years," he recalled.

Alderman Roy Poulos of the Third Ward said he fears if the Kiwanis members are allowed to sell peanuts in the intersections, other requests would follow, including the Old Newsboys sale in November.

## Mark Root is Navy enlistee

Mark A. Root, the son of Mr. and Mrs. Root of 612 Margaret Ave., Mitchell, has enlisted in the U.S. Navy's Delayed Enlistment Program, according to Petty Officer First Class Dennis Chandler, Navy recruiter, 3675 Nameoki Rd.

Root, a 1980 graduate of Granite City North High School, is scheduled for enlistment in the regular navy on Sept. 4.

Upon graduation from the Navy's eight-week basic training course, he is scheduled to receive technical training in the supply field as a storekeeper.

## How to make sure your electric and gas service moves when you do

If you're planning to change residences any time in the near future, we can help make your move a lot easier. Let Illinois Power know—at least one full working day in advance—when you're moving and where. By doing that, you'll make sure your electric

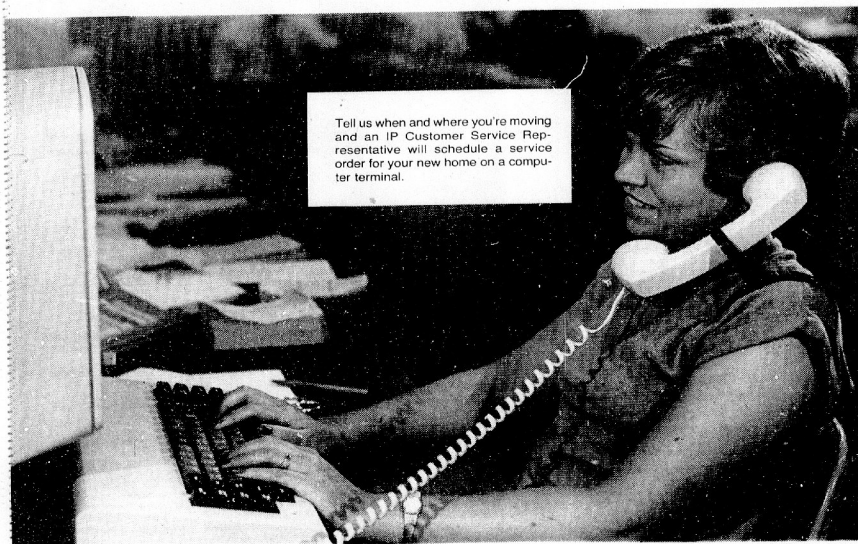

or gas service is connected when you move in.

With at least one day's notice, we can arrange to have your utility services turned on and the account established in your name. And, with enough advance notice, we'll be able to take a final meter reading in

the home you're leaving so your billing period stops as of the day you leave.

Call our Customer Service Representative a day or two in advance and we'll make sure your electric and gas service moves when you do.

**IP ILLINOIS POWER** IT'S OUR BUSINESS TO SERVE YOU BETTER

Tell us when and where you're moving and an IP Customer Service Representative will schedule a service order for your new home on a computer terminal.

**LABOR DAY**  
**Sept. 1st**

A day when a grateful nation turns to its working men and women and says "well done."

## Beat rising inflation with better money management, BPW club told

By VALERIE EVENDEN  
of the Press-Record

Today's spiraling inflation is compelling families and individuals to learn how better to manage their money, W. Max Hansel Jr., a Southern Illinois University business educator, told the Granite City Business and Professional Women's Club last week.

Inflation isn't going to go away and planning and budgeting is one way to protect yourself, the speaker stressed.

About 70 members and guests attended the August dinner meeting in the Officers' Club at the Granite City Army Installation.

In addition to Hansel's presentation, highlighting the induction of three new members—Carolyn Smith, legal secretary to Attorney Phillip A. Theis; Dorothy Nenninger, executive secretary at Mercer Mortuary; and Janet Mills, owner-operator of the Sunny Side Up Gift Gallery in Downtown Granite City.

Their respective sponsors were Barbara Wyatt, Verna Lengyel and Emylee Alford.

Wilma Large, membership chairman, conducted the induction ceremony and the trio of newcomers was welcomed by Rosalie Stern, BPW president.

The Granite City BPW Club has a current roster of 118 members and is actively seeking additional members, Mrs. Large said.

The guest speaker, whose topic was "Finances: Family Budgeting," is a placement consultant and business education instructor on the STU faculty at the Edwardsville campus.

He is a graduate of Western Michigan University, a former secondary school principal and has an extensive background in counseling people with financial difficulties.

Most people feel—no matter what their income, they need more money to meet their expenses, Hansel said.

But experience has shown that in our inflationary economy, more money is not always the answer to obtaining financial stability and security.

What is often just as important in determining these goals is how we plan and spend our money, Hansel stressed.

Most of us are in the category of having unlimited wants and limited resources and how we spend our money is a good indication of how we spend our lives, the educator said.

We are the great middle class of working people—the backbone of the economy—and for us the alternatives to good money management are limited.

For those who do not already do so, Hansel strongly advocated having payroll checks deposited by the employer directly into bank accounts.

This practice, he said, helps one avoid the feeling of being well off for an hour, a

half-a-day or a day. Therefore, one is less likely to overspend through spur-of-the-moment buying when he does not have the cash in his pocket.

A direct deposit also eliminates the hassle of getting to the bank, or not getting there at all, and reduces a very real psychological hang-up which is associated with "payday."

Some people don't know how much they are spending and direct deposit of pay checks helps in this area, Hansel said.

"I believe the best planning in money management and budgeting can be achieved on a monthly basis," the educator said, suggesting the use of short-range goals of one year, intermediate goals up to five years and long range planning.

Money means many different things to various individuals, the psychiatrists tell us, he said.

Some people believe that money is evil, dirty and mysterious, while poverty is good, clean, light and alive.

Others think money means friendship with important people, or power, prestige and status; or mastery, a manipulative tool that procures love or control over people.

To some, money is blood. Spending it is like hemorrhaging or giving away vital pieces of one's self. Those who feel this way are stingy people, he said.

Hansel noted that many problems being experienced by families today revolve around financial differences. Worksheets for family spending, detailing a divided responsibility plan for couples to follow, were provided.

Literature outlining step-by-step money management procedures also were distributed.

"No one can tell you what your lifestyle ought to be. Only you should decide how your income is spent."

"Effective money management will depend on the way you choose to live and the goals you plan to achieve," the educator said.

In other business, the

**MANAGING MONEY** is a serious business and improved monthly budgeting can provide a hedge against rising living costs, W. Max Hansel Jr., an SIUE business educator, tells local business women.

Granite City BPW Club authorized:

—Continuing support for the Alpha Center, a home recently established in Granite City for pregnant women.

—To provide telephone volunteers for the Aug. 31—Sept. 1 Jerry Lewis Telethon for Muscular Dystrophy.

—To donate \$50 toward a partial scholarship for the winner of the Granite City Junior Miss Program, scheduled in October.

—To prepare and serve food at a baton twirling contest Sept. 6 at Granite City High School South gymnasium as a means of raising funds.

Special guests at the dinner were Gloria Schwartz, Gloria Goldsach, Laura Stoker and Sandy Frye from the Highland BPW Club, who were promoting the start of a

"Miss Piggy" inter-club visitation program.

Mrs. Stern said an eight-week Individual Development Plan course, open to all working women, will start at 7:30 p.m. Thursday, Sept. 18, at Lake School, 3201 E. 23rd St.

Anyone interested in participating may contact Florence Moore at 797-0220, after 6 p.m., for further information.

Other reports given focused on:

—The annual BPW style show, set for 2 p.m. Sunday, Oct. 19, at the Granite City Township Building, 2600 Delmar Ave., with Rita Hardy, wife of KMOX radio

celebrity Bob Hardy, as commentator.

—Women Involved Day, planned for Saturday, Oct. 25, beginning at 8:30 a.m. at the township center and open to all women and girls in the Quad-City area.

—Summaries of activities at the National Federation of Business and Professional Women's convention in Omaha, Neb., presented by Ollie Derr, president-elect, and Sharold Yount, second vice-president.

The club collect was offered by Verna Lengyel, chaplain, and Charlotte Flowers led the pledge of allegiance.

### Minority role in railroad relocation

Gov. James Thompson has signed legislation to provide \$50,000 for a minority resource center through the railroad relocation project.

The appropriation to the Illinois Department of Transportation will assist socially and economically disadvantaged in securing contracts and will develop support mechanisms to enable those businesses to take advantage of opportunities that occur during the relocation.

The project is the St. Louis Metropolitan Area Rail Gateway Enterprise (MARGE), a federally-financed program designed to relocate railroad operations in the bi-state area.

The present rail system is described as overbuilt and

underutilized in East St. Louis, occupying large amounts of land with abandoned or little used properties. The rail yards are said to have led to a chaotic street and highway system, and interference from trains is blamed for major traffic tieups and safety problems.

"Establishment of a minority resource center will allow minority business enterprises to take advantage of relocation developments and also opportunities provided by non-rail economic development," Rep. Weytvet H. Young said Wednesday.

### Law stresses understandable Medicare policy

Legislation to help insurance consumers, particularly the elderly, better understand their coverage—and to help them make certain they obtain the coverage they believe they are purchasing—has been signed by Governor James R. Thompson.

The measure, House Bill 3435, was proposed by the governor and includes an unconditional right to a refund on Medicare supplement policies if it is requested within 10 days after the policy or certificate is delivered.

"This new law will be bad news for high pressure salesmen who come into people's homes and peddle policies that are not needed or wanted," Thompson said.

Effective date of the new "Medigap" provisions in the Illinois Insurance Code is July 1, 1981.

Provisions in the bill include:

1. A required checklist to be completed in the presence of the purchaser at the point of sale, with a copy to be provided the buyer, clearly outlining added benefits

under Medicare supplement policies.

2. The right of a purchaser to return the policy within 10 days of its delivery for a full premium refund, if the policyholder is not satisfied for any reason.

3. A ban on advertising language that implies that a failure to respond to the advertisement might result in loss of Medicare benefits.

4. A requirement that companies keep records of their salesmen's solicitations.

5. A ban on issuance of Medicare supplement insurance policies that do not offer benefits that equal or exceed the amount of Medicare.

6. A civil penalty of from \$100 to \$1,000 to be levied by the Department of Insurance for a violation by an agent or company.

### JEWELRY JOTTINGS

By RUSS WALKER

Primitive man first wore precious stones, as ornaments. He thought the glimmering gems were magical and could protect him from evil spirits if he wore the stones or carried them with him.

Everyone feels better if they can wear beautiful jewelry set with gems of their choice. Let us make your jewelry dreams come true.

## New highway can aid local development, traffic flow

Completion of the design of an Interstate 255 (270) extension underscores the fact that it can play a prominent role in Quad-City area development and traffic flow. It will be needed as part of the task of completing the St. Louis metropolitan area's circumferential route, Illinois Highway Division planners devised two potential routes for a segment of about five and a half miles here.

After a public hearing, the westernmost of the two possible locations was chosen and the project is now moving nearer the stage where construction bids can be sought.

The state has requested approval of its design from the Federal Highway Administration, and information on the design is being made available for public inspection at the District Eight highway planning office, 4820 W. Main St., Belleville.

The new controlled-access highway will consist of two 36-foot roadways separated by a 64-foot earth median. To improve access from Southern Illinois University at Edwardsville, existing ramps "will be reconstructed in the west quadrants of the I-270 interchange with Illinois Route 157. An additional lane will be added to both the eastbound and westbound roadways of I-270 on the median side from Ill. Route 157

to R.I. 111 to handle the expected traffic increase associated with the new five and a half mile highway extension.

As part of the I-255 throughway in the eastern portion of the Quad-City area, grade-separated structures will be built at Madison County Highway 35 (Collinsville-Granite City Road) as well as at Ill. Route 185 and at I-270.

A new grade-separation structure will carry Black Lane over I-255. An existing bridge over I-270 at Sand Road will remain. Major I-255 stream crossings will be built where necessary to provide access to severed properties.

Black Lane north of Highway 35 will be closed at the east interchange ramps, and an existing frontage road south of I-270 also will be closed, with access maintained by way of Chain of Rocks Road and Sand Road. Service drives and frontage roads will be built where necessary to provide access to severed properties.

The big-and costly—undertaking will be a boon to the level of construction activity in this area. When completed in several years, the local Interstate 255 is expected to contribute to the state's objective of handling a high traffic volume as efficiently and safely as possible.

## Bureaucrats' plan for industrial efficiency won't work

Comment by Wall Street Journal — A "reindustrialization policy" will be the centerpiece of Jimmy Carter's reelection campaign. "We're going to share in the exciting enterprise of making the 1980s a time of growth for America," he told the Democratic convention.

Mr. Carter has come a long way from the days four years ago when he was absorbing the no-growth myth of "A Time to Choose." But not far enough. The growth vehicle his aides are building will have only one gear—reverse.

He likely elements include substituting high-cost synthetics for low-cost natural fuels; inserting the government into those few industries, such as computers, that it hasn't yet succeeded in wrecking. Experimenting further in federal investment allocation, directing capital to industries and regions that have been "pinpointed" by politicians; turning back the clock to a coal- and railroad-based economy; reasoning together with business and labor to make the trains run on time.

Incredible as it may seem, no one in the White House seems to have noticed the experience certain European countries have had with similar ideas.

Italy's Istituto per la Ricostruzione Industriale (IRI), a government capital-allocation octopus invented by Mussolini, has been a paradigm of bureaucratic bumbling.

Likewise Britain's "Neddy," the unaffectionate term for the National Economic Development Council, which has applied the principle of government-labor-industry cooperation these last 18 years while industry after industry has slid down the tubes.

The Carterites claim to be emulating Japan Inc., but IRI and Neddy are the models their ideas most closely resemble. The fundamental contradiction in the R.I.P. should be obvious to anyone who has followed the economic debate these past four years.

R.I.P. is being invented by people in government at a time when government cannot even fulfill its more limited tasks. The interventionists in Washington, having failed miserably with economic policies that stress confrontation with "big business," now hope to succeed by inviting in corporate chief executive officers as junior partners.

It can be said flatly and without equivocation that their ideas will not work.

## 3 CHARGES FILED

Nick Stanley, 23, of 826 Alton Ave., Madison, was arrested at 12:45 a.m. Sunday in North Granite City on charges of failing to display the rear license on his auto, driving while his operator's license was suspended, and resisting arrest. He was released on bond pending a hearing.

## LIGHT POST STRUCK

A juvenile Granite City girl, 16, was charged with leaving the scene of an accident in which the front of her auto hit an Illinois Power Co. street light post in the 3100 block of Colgate Place at 10:50 p.m. Friday. The glass broke fell to the street and broke.

## 1968 AUTO STOLEN

A thief took the blue 1968 two-door Chevrolet of Patrick Jateff, 3221 Bluebird Lane, from his home early Friday.

## HOME DAMAGED AND COOLING UNIT TAKEN

A burglar took a window air conditioner and a window fan from the home of Raymond Huston, 1513 Collinsville Ave., Venice, Thursday after gaining entry by breaking a rear door.

The intruder damaged a wall, restroom and mailbox and threw clothes and food onto the floor along with the contents of several cabinets.

## HARITOP AUTO TAKEN

The white 1969 Austin American two-door hardtop auto of Steve Crane, 2206 Adams St., was stolen from his home Friday night.

## VAN, \$3,000 GONE

The 1969 Dodge van of Frank Murphy, 125 Volght Place, Mitchell, was stolen from his home Friday after 1 p.m. along with \$3,000 cash and \$1,000 worth of jewelry.

## AAA Maintenance—

Call 831-4428

## 90 SPEED ALLEGED

Larry M. Jordan, 21, of 2009 Beckwith St., Madison, was charged at 8:50 p.m. Friday with operating a motorcycle without a special license, and speeding 90 miles per hour in a 30 mph zone while riding the cycle south on East 23rd Street at August Street.

## CAR TIRES SLASHED

A vandal cut all four tires on the parked 1969 car of Bernard Mang at Jerden Avenue and Henry Street early today. Three tires were slashed on the parked 1977 auto of Don Woodward in the 2500 block of West 23rd Street last night.

## FIND STOLEN AUTO

Police located at 27th Street and Delmar Avenue at 9 p.m. Saturday a car stolen 30 minutes earlier at 29th and State streets. The thief had used wiring to start the engine of the 1977 two-door auto of Mary Jane Gilmore of Roosevelt Avenue.

**ZZ TOP** ends the 1980 Mississippi River Festival season Saturday night in their loud and raunchy way, performing "Cheap Sunglasses." The little old band from Texas, preceded by the Henry Paul Band, mixes old and new songs and seemed to enjoy the concert as much as their audience did. The

three some accompanied themselves on saxophones during the first encore of a three-song medley via a movie and soundtrack which played along with the live music. "Tush" finished off the MRF season which definitely went out with a BANG!

(Press-Record Photo by Pat Foley)

## Should end food, drug sales tax

To the Editor:

The tax campaign of the Illinois Public Action Council has for the past year led the fight in Illinois for elimination of the sales tax on food and medicine.

Last fall, Public Action organized the STOP campaign (Sales Tax Override Proposition) to override Governor James Thompson's veto of HB 2584, a plan to phase out the tax over four years.

We were successful in having the first penny removed. This year, we joined with the Illinois Retail Merchants Association to pass SB 1457, another phaseout bill removing the tax by categories.

Again, Gov. Thompson gave Illinois citizens a penny. House Speaker William Redmond characterized Gov. Thompson's latest action as "heartless" and we agree. We urge elimination

of this regressive tax, and we call attention to the gross disregard the governor of Illinois has shown to everyday consumers and taxpayers in this state.

Credit Gov. Thompson for qualifying his generalities, especially in matters of tax reform. Thompson was not being obscure when he said he was giving "affordable and 'air relief'" to Illinois citizens on Aug. 11, 1980. The phrase is quite specific.

"Affordable" means the least he can give in tax relief to everyday citizens.

"Fair" is a grade, as opposed to "satisfactory" or "excellent."

It means tax relief for the people of this state of only \$15 million, or about one-fourth of the rising state surplus, last totaled at \$446 million.

Is this relief from inflation?

In the last ten years, food costs have risen 105 percent, and energy costs have gone up 122 percent nationwide. Yet, on Aug. 11, Gov. Thompson vetoed SB 1457, a Bill to eliminate the sales tax on food and medicine over three years.

And he vetoed the portion of HB 3204 which would have refunded up to 75 percent of the state's annual utility bill increases to the elderly.

According to the Chicago Tribune's editorial of July 12, which called upon Thompson to sign SB 1457, "The sales tax on food and medicine is inherently regressive, it falls most heavily on people of modest income."

"By exempting drugs and basic food, the Sangmeister bill would immediately end that regressivity" and "give consumers a major tax break on basic food and drugs."

Gov. Thompson's major argument against adequate tax relief pits the poor against the poor. He says a swollen budget is necessary for offsetting higher transfer payments to the poor and unemployed during recession.

The governor also expects to feed the poor with the money of the poor collected through regressive taxation or taken from the heating money of the elderly. Consider this editorial comment from the Southern Illinoisian dealing with the "fear" of increased welfare during recession:

"What, in a sense, that fear is yet another argument in favor of the total phaseout of the tax on food and medicine. Those people who are expected to increase their demands on the state treasury are the ones who would benefit most by eliminating this tax on necessities."

"Instead of treating them merely as numbers assaulting the state's surplus revenues, we could begin to think of them as individuals spending their meager resources each week on such items as meat, milk, bread and sales taxes."

Who's budget is in trouble? State Comptroller Roland W. Burris reported on Aug. 6 that the state ended the month of July with a balance of \$446 million in general funds.

## HIT-RUN DAMAGE

Hit and run collisions were reported at 1 a.m. Sunday in the 1700 block of Maple Street, where the left front door of the green parked car of Hugh Oglesby, 715 Maple, had been struck by a white vehicle, and at 1:25 a.m. Sunday in a lot in the 900 block of Niedringhaus Avenue where the right front and side of the white van of David Lofink, 2713 Dale Ave., had been damaged by a green vehicle.

## BLOWOUT, HITS POST

Marlen J. Evans, 27, of 2921 Iowa St., escaped apparent injury at 5 a.m. Sunday when the left front tire of his eastbound auto blew out, causing the car to cross Pontoon Road at Primrose Avenue and strike a utility post. There was \$900 damage to the left side of the car.

## CHARGES ARE FILED

Madison authorities charged Clyde Pointer in two incidents in the 900 block of Webster Street Friday. He was booked at 12:50 p.m. for disorderly conduct and ordered to stay away from that area, and then was arrested at 3:30 p.m. on a charge of disobeying police.

## Kentucky outing by Troop 13

Boy Scout Troop 13, sponsored by St. Elizabeth Catholic Church, has returned from a week of high adventure at "Camp Energy" Land between the Lakes, in Kentucky. Seventeen scouts and three adult leaders attended this event.

The scouts set up camp and prepared meals by the patrol method. Activities included a 12-mile historic hike, a visit to Fort Donelson in Tennessee, horseback riding, fishing, swimming, canoeing and water skiing.

An outdoor buffet evening meal was prepared by the adults, followed by a closing campfire program and award presentations by Scoutmaster Marvin Wiedemer.

The scouts earned part of the cost of the trip by working on paper collection drives. The troop's next activity will be a father-son canoe float.

**SCENE OF FATAL CRASH** Friday night in which Daniel G. Kelley was killed and Timothy Free was injured. An auto driven by Kelley, 17, left Chouteau Slough Road in the vicinity of large holes in the surface of the roadway and collided with a tree.

## County shares census data

Madison County has joined the Southern Illinois Census Data Program (SICDP), it was announced Thursday. SICDP is the regional data center serving Southern Illinois within the Illinois State Data Center Cooperative (ISDCC). It is a joint venture by Southern

Illinois University, Illinois State University, the University of Illinois at Chicago Circle and the Illinois Bureau of the Budget.

The cooperative effort with Madison County will improve access to, and use of, U.S. Census Bureau statistical resources. This access will support local governmental administration, planning, and policy development, as well as private sector needs, a SIUE spokesman said.

SICDP will offer the following services to the County:

- Efficient, cost effective access to census data, including printed reports, microfiche, and computer tape files.

- Ongoing information services; computer tape processing services and direct tape access to users on the Illinois Educational Computing Network.

- Seminars and workshops on the use of public data resources in planning, policymaking, grants development, program design and evaluation, and impact assessment.

—Analytic and consulting services, as requested, drawing on the broad expertise available in the university.

SICDP is a service of the Center for Urban and Environmental Research and Services at Southern Illinois University at Edwardsville.

For data assistance or additional information about SICDP, interested persons may contact the program coordinator, Sally Ferguson, at 1-692-3032.

## Show to aid MD campaign

A musical show to benefit the Jerry Lewis Muscular Dystrophy Fund will be presented from 9 p.m. until 12 midnight, Sunday, Aug. 31, in the 300 Room at Brunswick Tri-Mor Bowl, 3701 Nameoki Road.

The public is invited to hear "Echoes of Elvis," starring Douglas, a native of Alton, and thereby help the current MD fund raising campaign.

Donations of \$5 per person will be asked from those viewing the show, with the proceeds to be contributed to the muscular dystrophy fund to aid research and rehabilitation projects.

—Seminars and workshops on the use of public data resources in planning, policymaking, grants development, program design and evaluation, and impact assessment.

**NEW SECURITY OFFICE** at St. Elizabeth Medical Center is now located on the 21st Street side of the building adjacent to the new emergency room entrance and parking lot.

In the office Tuesday are Security Officer Greg Blackwell, foreground, and Security Officer Richard Roberts, at right, and at left background is the director of security Frank Bautsch.

(Press-Record Photo)

## Need for old rescue truck expressed by city inspector

A request by the Granite City inspector that his department that he given the old fire department rescue truck was considered briefly by the Granite City Council last week and then was referred to the council's ambulance and fire committee and to the sanitation committee.

Emerald Dawes, who serves as the city inspector and the city's health inspector, said he needs the truck to transport crews who work to alleviate health hazards in the city.

The fire department put a new rescue truck into operation earlier this month, leaving the old rescue truck available.

In other business, Alderman Warren Decatur, chairman of the street lighting committee, reported that Illinois Power has agreed to put up all of the lights the council has requested, with the exception of a light requested at the entrance to Granite City High School North from Maryville Road.

It would be impossible for Illinois Power to install that light, since the high school property is in the territory served by Union Electric, Decatur said.

"I recommend that (City Clerk Robert W.) Stevens tell the superintendent of schools that we have no franchise with Union Electric, so we can't do it," the alderman added.

There was considerable discussion about some city employees who take compensating time off for any time they spend attending city council meetings. Paula Case, technician with the city's air pollution control department, said that whenever she asks one of her employees to attend a city council in her absence, she grants compensating time, off to him.

She said that was her understanding with the city's pollution control board and technical secretary when she first headed the department. Alderman Sam Whitmer disagreed strongly, saying that attending city council meetings is part of the job of the department heads and assistants and they should not take overtime or compensating time off for attending the meetings.

Mayor Paul Schuler reported that the Milam East Division of SCA Services, which provides trash

collection under contract with the city, appears to be adhering "to the letter of the contract" in limiting business pickups to two 30-gallon trash containers per week.

Milam has sought a rate increase earlier this summer, but city officials extended the former contract, denying them the increase. One disagreement, however, is with the interpretation in the contract of the dumping of excess sludge from the city's wastewater treatment plants. Milam has been billing the city \$5,000 per month for the excess dumping, but the aldermen have been refusing to pay the bills.

"We are still being billed \$5,000 a month," Whitmer said and Stevens responded, "We are not paying them." Returning to the problem of limited pickups from businesses, Mayor Paul Schuler stated, "We are going to have to deal with that extra trash. We are thinking in the future. I have a meeting arranged with a fellow from Indianapolis (Indiana) on trash recycling and conversion. I think we are going to have to get into it."

Schuler announced he plans to create two new ad hoc committees of aldermen and will ask the council tomorrow night to concur in the appointments. Alderman Paul Fisk is to head the ad hoc committee on ethics, serving with Mac Warfield and Everett

Morlen, and Whitmer will chair the ad hoc committee on acquiring property at the Granite City Army Installation, serving with Fred "Pat" Schuman and Mike Modrusie.

## Thomas Booker Jr. joins Navy

Thomas R. Booker Jr., the son of Mr. and Mrs. Thomas R. Booker Sr., 10 Bermuda Lane, has enlisted in the U.S. Navy's delayed enlistment program, according to Petty Officer First Class Dennis Chandler, Navy recruiter, 3675 Nameoki Road.

Thomas R. Booker Jr., a 1979 graduate of South High School is scheduled for enlistment in the Navy Wednesday. Upon graduation from the Navy's eight-week basic training course, he is scheduled to receive technical training in the nuclear power field as an electronics technician.

# If your phone is broken, now you can take it to your PhoneCenter Store.

Now you don't have to wait for a repairperson if the Bell plug-in phone in your home needs repair. There's an easier way.

Simply take the broken phone, along with the cords, to your PhoneCenter Store. It will be replaced on the spot.

If you bring in a Design Line® phone that needs repair, you'll get a temporary phone until repairs are completed.

## Here's what to do.

**1** Make sure the phone that's not working right is a plug-in type.

**2** Unplug it. Then check your other phones. If they're all working properly, the problem is probably in the phone

you've just unplugged and not in the system.

If you don't have plug-in phones, or if you're not sure where the problem is, call Repair Service. The number is listed in the front of your phone book.

It's not often that a Bell phone breaks down. But when it happens, your PhoneCenter Store can help.

Customers with Family Plan or 2-party service should call Repair Service.

**Stop Sign.**

It's a fact that more than 9 out of every 10 people looking for a home recognize the familiar brown and gold CENTURY 21 sign. It is so widely recognized that every day over 1,600 homes are sold by CENTURY 21 people from coast to coast. In 1979 alone, they resulted in a staggering 579,000 closings.

Wouldn't you rather list your house with the organization that more people have put their trust in?

Just call your CENTURY 21 Neighborhood Professional. And let our stop sign start working for you.

**DO YOU KNOW ME??**

My full name is Russell V. Lockridge and I was the front end of Russ and Homer's Auto Repair in East Granite. However, I'm now associated with the Chrysler dealer in Downtown Granite.

You see, with Chrysler's new "K" cars coming, I want to get right in the middle of the action. They've given me the title of **SERVICE SUPERVISOR** there, but I'm still Mr. Fixit to my old friends and customers. Now I'll be able to take care of servicing everybody's car or truck a lot better and faster than before. And by the way, I'll repair ANY domestic made vehicle regardless of make or model. So remember...

**Don't CUSS, Call RUSS at... 876-8733 to 452-3137**

Chancery (Foreclosure) )  
No. 80-CH-83 )  
Under and by virtue of the decree of said Court, made and entered in the above action on the 25th day of July, 1980, an Associate Circuit Judge, as

In The Circuit Court  
Of The  
Third Judicial Circuit  
Madison County, Illinois  
ROBERT E. MOORE,  
Plaintiff,  
vs.  
ETHEL MOORE, et al.,  
Defendants.

# NOTICE

No. 80-CH-190  
The requisite notice for publication having been filed, notice is hereby given to you and each of you, Edward D. Moore, Patricia A. Kinney, Edward McKel, Sharon Courtright, Wayne Harper, Gary Prewett, Carl Freeman, Carla J. Hinkley, Cindy Britton, Corrine Freeman, Connie Freeman, Carmela Freeman, Henry Evans and UNKNOWN OWNERS, defendants in the above entitled suit, that the above suit has been commenced in the Circuit Court of Madison County by said plaintiff against you and each of you and other defendants, praying for partition of a certain parcel of real estate, heretofore described, held in trust by the Robert E. Moore for the benefit of Ethel Moore as tenant in common with you and each of you and other defendants, and for the relief. The property, the street address of which is 632 Lincoln, Venice, Illinois, is legally described as follows:

Lot Thirty-six (36) in Block Twenty-four (24) in Knox and Smith's Third Addition to Venice, according to the plat thereof recorded in Plat Book 6 at Page 47 in the Recorder's Office of Madison County, Illinois, situate in the City of Venice, County of Madison and State of Illinois.

Summons was duly issued out of said Court as provided by law and the said suit is still pending.

Now, therefore, unless you or each of you, Edward D. Moore, Patricia A. Kinney, Edward McKel, Sharon Courtright, Wayne Harper, Gary Prewett, Carl Freeman, Carla J. Hinkley, Cindy Britton, Corrine Freeman, Connie Freeman, Carmela Freeman, Henry Evans and UNKNOWN OWNERS, the said defendants, file your answer to the complaint in said suit or otherwise make your appearance therein, in the said Circuit Court of Madison County, held in the Courtroom in the City of Edwardsville, Illinois, on or before the 29th day of September, A.D. 1980, default may be entered against you and each of you at any time after that day and a decree entered in accordance with the prayer of said Complaint.

Dated this 21st day of August, A.D. 1980.

CLAIM NOTICE  
State of Illinois  
In The Circuit Court  
Of The  
Third Judicial Circuit  
Madison County,  
Probate Division  
IN THE MATTER OF THE  
ESTATE OF RAYMOND K.  
SMITH, DECEASED.

No. 80-P-660  
Notice is given of the death of the above.

Date Letters Were Issued:  
August 13, 1980.

Administrator: Peggy Smith, 14 Nelson Dr., Granite City, Ill.

Attorney: Terrance V. O'Leary, 1406 Niedringhaus, Granite City, Ill.

Claims against the estate may be filed in the office of the Circuit Court, Probate Division, County Courthouse in Edwardsville, Illinois, within 6 months from date of issuance of letters; and any claim not so filed is barred by the statute in force at the date of the estate inventoried within that period. Also, copies of claims must be mailed or delivered to the administrator and to the attorney.

**NEW LOCATION** for Phillips' Barber Shop is 3050 Iowa St. James and Frieda Phillips, proprietors, previously owned a shop in West Granite for more than eight years. The Phillips have extensively remodeled the inside and the outside of the building. On hand for the opening of the new location are (left to right) Pat Pulley, long-time customer, Frieda and James Phillips and John Kerkovich, who handled the acquisition of the property for the Phillips.

## Immediate care vital to severe burn victims

Severe burns are called the most traumatizing of injuries. Although they are often avoidable through safety precautions, they continue to happen at an extensive rate.

An estimated two million Americans will need medical attention for burns in 1980; about 130,000 of those will be hospitalized, one-quarter of them children.

Critical to the survival of these burn victims is the efficiency of the medical transport system, reports an article in the current issue of Science 80, the magazine of popular science published by the American Association for the Advancement of Science.

It is considered important to get a severely burned patient to a burn unit within an hour of the injury. Fortunately, the U.S. now has 25 burn centers and 80 hospital burn units.

In some facilities, early surgery to remove burned skin and cover the wound, combined with nutritional therapy and better treatment of infection, now means that eight out of 10 persons hospitalized with burns survive.

Burns are especially dangerous because they impair the functioning of every organ in the body. They allow proteins and fluids to leak from blood vessels into surrounding tissue.

In many cases, they cause paralysis of the gastrointestinal system.

To counter these problems, intravenous feeding begins within 24 hours of the burn injury.

ASSUME NAME  
PUBLICATION NOTICE  
Public Notice is hereby given that on August 20, 1980, a certificate was filed in the Office of the Circuit Clerk of Madison County, Illinois setting forth the names and post-office addresses of all of the persons owning, conducting and transacting the business known as METRO REFRIGERATION & HEATING SERVICE, located at 2576 North Street, Granite City, Illinois.

Dated this 20th day of August, 1980.

Hurt today  
Jo Lynn Izaak, 24, of 2128 Cleveland Blvd. was injured at 2 a.m. today when her southbound auto hit the back of the parked car of Roy Strauser, 2217 Cleveland, at the 2200 block of that street.

The parked vehicle was knocked forward against the rear of the parked auto of David Wayne of Benton Street, and the Wayne car was propelled across Cleveland, striking the right side of the parked auto of Thomas Pope, 2211A Cleveland.

Jo Lynn Izaak was charged with careless driving. After the initial collision, her car is thought to have been thrown to the side, damaging the front end of a residence at 2215 Cleveland.

## PURSUE, STOP AUTO

Madison County sheriff's deputies began pursuing an auto that had forced their squad car off the roadway on Lake Drive near Route 162 at 11:10 p.m. Friday, and halted a car at Highway 111 and Reville Lane. Kevin Honchak, 25, of 3940 Park Lane, was charged with driving while intoxicated, reckless driving and fleeing from the deputies in the highway chase.

The Interstate Bridge Task Force, formed under auspices of the Regional Commerce and Growth Association to encourage efficient use of Mississippi River bridges here, has been disbanded, concluding that its job is done.

"We accomplished what we wanted to do," says Clyde Wiseman, RCGA urban affairs director and task force chairman.

"Our contacts with Congress and with federal and state agencies resulted in a study that has outlined several possible ways of making better use of the existing bridges."

The task force was formed in 1976 to provide an approach for solving the region's bridge problems, and we believe the study fulfills that purpose."

The secretary of Transportation is scheduled to complete a report to Congress in November. We hope it will lead to the appropriation of federal funds to help us use our bridges more efficiently."

The task force was formed by the RCGA in cooperation with the East-West Gateway Coordinating Council, the Bi-State Development Agency, and the owners of four central business district bridges, including the City of Venice.

The group noted that the toll-free Poplar Street Bridge, a part of the Interstate highway system, was congested with traffic while the other four bridges, all of them at that time toll bridges, were under-utilized.

The East-West Gateway staff completed a study in June suggesting several alternative plans for equalizing bridge use.

Wiseman said it is important that the Gateway

Van leaves crash scene  
Dennis Tinsley, 2022 Missouri Ave. and Daniel Diaz, 1746 Chestnut St., escaped injury at 3:30 a.m. Saturday in a complicated three-vehicle collision on Highway 203 in Madison.

An orange van hit the right front of the auto driven by Tinsley, who then attempted to follow the van. The next hit Diaz' car twice, in the rear and right side.

When Tinsley drove his car in front of the orange vehicle, the van hit the right rear of his auto and left the area. A utility pole at the scene was damaged.

Crash hurts 2  
Edmund and Catherine Warchol, 908 Washington Ave., Madison, were injured at 8:55 p.m. Thursday when their auto, halted for a red traffic light, was struck in the rear.

Both were released from St. Elizabeth Medical Center after being taken there by ambulance. He was treated for a neck pain and she for pain in the abdomen.

Rickie H. Russell, 26, of 2510 Edison Ave., was northbound on Madison Avenue when his car sustained left front damage. The Warchol auto was knocked entirely across the Niedringhaus Avenue intersection, witnesses said.

Russell was charged with failing to reduce speed to avoid the collision, driving while intoxicated, and possessing a narcotic. Hearing was set for Sept. 26.

# JW drive to open Sept. 12

With James L. Eisenbeis in command, an army of volunteers will begin the annual Tri-Cities Area United Way campaign on Friday, Sept. 12.

Guest speaker at the 7:30 a.m. breakfast will be Ray Sonnenberg, a longtime National Football League official and vice-president of the Mid-America Bank and Trust Co. of Edgemoor.

Working closely with General Drive Chairman Eisenbeis during the campaign will be five vice-chairmen:

Retail businesses, Mrs. Margaret Lee, vice-president of the First National Bank in Madison.

Professionals and agencies, Dr. Joachim Bauer, doctor of dental surgery.

Industries, construction and transportation, Robert Jackson, district manager, Illinois American Water Co.

Government employees, Christ Paschoff, Venice Township supervisor.

And clubs and individuals, George E. Moore Sr., a member of the Granite City Board of Education and treasurer of the Granite City school district.

James L. Kelahan, a District 34 representative of the United Steelworkers of America, will be chairman of the labor participation committee.

Eisenbeis commented today, "The goal for the campaign is being set and will be divided among the five groups headed by drive vice-chairmen."

Most details have been worked out. The vice-chairmen have been selected along with their division chairmen and unit leaders.

"All have accepted the responsibility and understand it is going to take hard-hitting concentration and, most of

all, a positive attitude to meet the division and group objectives and the overall goal.

"No one believes it is going to be easy. On the other hand, these are the kind of men and women who fight best with their 'backs to the wall,' accepting the challenge that faces them."

"They agree that it is going to take extra generosity by local employees, professional people, government workers, industries, retail businesses, organizations and individuals."

"We are going to make a rapid start and live hard to reach the goal in eight weeks or less."

"Through the participation of over 400 volunteers and many thousands of contributors, we again this fall hope to achieve a funding level that can continue needed community services."

"It will be our task to persuade everyone, givers and recipients, of the soundness of local agency programs and how vital it is that these services be maintained during 1981."

Associated with Granite City Steel since February 1959, Eisenbeis graduated in 1954 from St. Louis University with a bachelor of science degree in industrial engineering. In 1959, he received a master of business administration degree from Washington University. He was an officer in the Air Force from 1954 to 1957.

Vice-president of administration since December 1979, he is responsible for Granite City Steel's industrial engineering, management services, production control, purchasing, traffic and administration.

## LOCATE STOLEN CAR

Madison police recovered the missing 1973 four-door auto of Marvin Hill, 901 Fourth St., Venice, in the 800 block of Jackson Street at 12:55 a.m. Saturday and arrested Norris Wiggins, 25, Centerville. The car had been stolen July 26 in East St. Louis.

The Gateway committee receiving the report is headed by St. Louis Mayor James F. Conway.

"What we need now are political decisions as to the best solution of our bridge problem, based on the East-West study and other information developed in the past few years," Wiseman said.

The four bridges are the MacArthur, owned by the City of St. Louis; the Martin Luther King, owned by East St. Louis; the Eads, owned by the Terminal Railroad Association, and the McKinley, owned by Venice.

With competition from the free federal bridge, most of the toll bridges have had trouble deriving enough funds to meet bond principal and interest payments while financing repairs and maintenance work.

## Richard Brown named auditor

Richard M. Brown of Granite City has been promoted to auditor at the Mercantile Trust Company N.A., St. Louis. Neal J. Farrell, president of Mercantile Trust Company and vice chairman of Mercantile Bancorporation, Inc., announced Friday.

Brown joined the bank as a staff auditor in 1973 and was promoted to auditing officer in 1977 and to assistant auditor in 1978.

In his new position, he will be responsible for Mercantile Trust Company financial and trust audits and will continue to report to Robert A. Hoffman, auditor, Mercantile Bancorporation. He is a graduate of Southern Illinois University at Edwardsville and is a certified public accountant.

Mercantile Trust is the lead bank of Mercantile Bancorporation, which had 1979 assets of \$2.26 billion and has 28 other affiliate banks, a credit life insurance company and a mortgage company.

## Staff of 10 for Venice home, school interaction

The official grant notification for a Title VI ESSA basic grant for Venice Community Unit School District 3 for 1980-81 has been received from the U.S. Department of Education. The Educational Amendments of 1978 (Public Law 95-561) transferred the Emergency School Aid Act into the Elementary and Secondary Education Act as Title VI, effective Oct. 1, 1978.

The basic program in Venice for 1980-81 has the following goals:

1. To have staff in-service programs to increase the humanistic capabilities of all involved staff members and produce an increased amount of home-school interaction.

2. To encourage target students to improve school attendance through participation in concentrated services provided to help students achieve their fullest potential in a multi-ethnic school.

Staff members include Mrs. Althea A. Cross, director; Mrs. Georgia Fabwell and Mrs. Gratiana Ponce, counselors; Mrs. Linda Cottrell, human relations specialist; Mrs. Rogers Mofford, home-school coordinator; Mrs. Helen Pier, secretary; and Mrs. Connie Davis, Mrs. Charlotte Dilday, Mrs. Joyce Odom and Mrs. Beatrice Wigfall, parent para-professionals and teacher aides.

Orientation meetings will be conducted at the McCormick Place Inn, Chicago, in September. Sessions will offer grantees information about grants management procedures, desegregation strategies and resources, and compliance questions through small group discussions, general

sessions, and individual technical assistance appointments with program specialists.

Grantees will also be instructed in how to apply for continuation grants under the Emergency School Aid Act.

Those grantees funded for one year only, 1980-81, will be instructed to remain for an inclusive applicant dissemination meeting in order to obtain the information needed to apply for funds for 1981-82.

"The Venice district was fortunate in being funded to carry out the revised program. In cooperation with the administration and other district personnel, a sincere effort will be made to provide worthwhile and meaningful experiences for all district personnel and students," Mrs. Cross, director, has commented.

For 1980-81, the Venice schools are to receive \$157,457 for the basic program, which has ten employees. The pilot portion has been deleted by Congress. In 1979-80, there were 21 employed in the basic plan, \$273,419 funding, and seven employed in the pilot program, \$81,215.

Since July 1974, the district has received under Title VI \$1,111,179 basic and \$704,009 pilot financing, a total of \$1,815,188.

## Damaging mailboxes can lead to criminal record

Vandalism to curb-line mailboxes often leaves a trail of destruction beyond the receptacles knocked down or bashed-in during some youthful rampage, according to Postmaster Jack D. Wilkins.

Even though most prosecutions rarely result in anyone being jailed for any length of time, Wilkins said Postal Inspection Service records indicted scores of convictions across the country each year, with most of those convicted forced to

report to probation authorities. "That's a criminal record," Postmaster Wilkins said, "and taking youthful frustration out on a mailbox could easily follow a person long enough to keep him or her from a desired job or career."

Recently in Springfield, Mass., four 17-year-old boys pled guilty to charges of malicious damage to property. They damaged six mailboxes and were arrested after postal authorities

worked with local police. They now have criminal records and are serving six months of probation. In Bedford, Vt., three boys were placed on probation for one year and ordered to make restitution. They too have criminal records that will follow them.

Though most complaints of vandalism are handled by local police or the county sheriff, complainants should be sure to notify the post office, too. "I will turn any reports of vandalism im-

mediately over to the Postal Inspectors," said Postmaster Wilkins. The federal penalties for anyone who "injures, tears down or destroys" a mailbox can range up to a \$1,000 fine and 3 years in jail. Local judges also usually order restitution.

But the cost to repair a vandalized mailbox goes beyond its replacement. Besides the inconvenience, there can be a loss of important communication until the box is repaired. A check

or an important letter may be delayed. And there is the personal frustration that comes with senseless destruction. According to postal inspectors, vandalism occurs mostly at night or just before and after school hours, with the worst times of year around Halloween and the Fourth of July.

"There is no ready cure-all for vandalism," said Postmaster Wilkins, "but if it occurs, be sure to notify me and our local police."

**WASTE TREATMENT 3-DAY REVIEW CLASS**  
A three-day review class for wastewater operators preparing to take the state Class 3 and 4 certification test will be held Sept. 3-5 at SIUE.  
The class, Basic Mathematics and Certification Review, is part of a continuing series of training sessions scheduled in various Illinois cities by the Environmental Resources Training Center (692-2030) at SIUE, the state training center. The class will be repeated Nov. 18-20 in Elgin.
